

# Gifted and Talented

POUDRE SCHOOL DISTRICT

## Beattie Elementary School

BEATTIE ELEMENTARY

The Gifted and Talented Program at Beattie supports the advanced learners' personal, social-emotional, and academic needs. Beattie's GT coordinator and GT instructional para provide learning experiences that foster individuality, curiosity, creativity, and critical thinking. A student-centered learning model is utilized to provide engaging and meaningful connections through voice and choice.

### Programming Opportunities for Gifted Learners

Beattie's GT program is specially designed to support GT identified and high-ability learners. Students in grade levels K-5 spend an additional 30 minutes each day through enrichment opportunities that support critical thinking, divergent/creative thinking, and social emotional skills. ALP's are supported through individualized goal setting and Passion Projects.

### Overview of the GT program at this school

The Gifted and Talented Program at Beattie provides rigorous and engaging learning experiences for students in grades K-5 who are identified as Gifted as well as Talent Pool students who demonstrate high academic and/or creative abilities.

### Advanced Learning Plan process at this school

Beattie utilizes the Poudre School District identification process to identify GT students. GT students work collaboratively with the GT site coordinator to set their academic and social-emotional goals. The goals are established early in the year and then revisited in January and May. The GT site coordinator assists with monitoring the goal process.

### Enrichment opportunities for GT students during school

At Beattie, every grade level uses the Impact Team Model which provides flexible grouping as needed to accommodate students' specific learning needs. Everyday during WIN (What I Need) time, GT and Talent Pool students have the opportunity to learn with like-minded peers who have similar academic, creative, and social-emotional needs.

### Enrichment opportunities for GT students before or after school

- Lego Robotics
- Odyssey of the Mind
- Student Council
- Kindness Club
- Art Club
- Running Club
- Choir

### Affective programming for GT students

The Gifted and Talented Program at Beattie Elementary School recognizes GT students' affective needs and provides group and individual support. Students also meet with our school counselor, Ms. Coleman, for further guidance.
