	Completion of this form in no way guarantees transportation will be provided.
	For Special Education Students transportation is provided in the Least Restrictive Environment whenever possible; however, the bussing route may determine where the preschool student will attend to receive their services.
	Students within the .5-mile radius are within the walk area and will be scheduled to walk to school.
	It can take up to 10 school days for transportation services to begin.
	PSD busses are <u>not</u> able to pull down into cul-de-sacs or some narrow/dead end roads to pick up students; furthermore, if your student lives in the regular bussing area he/she will be assigned at the regular bus stop.
	If your student requires transportation in a wheelchair or other mobility device, it will need to be approved by transportation for safety.
	If a family is in the process of moving or changing where a child is picked up and dropped off, school placement may change.
	To participate in transportation which may be provided, families are responsible for getting their preschooler to the assigned pick up location and for meeting the bus at the assigned drop off location. Preschoolers must be attended by a responsible and assigned adult.
	Children may only be released to a parent, legal guardian, or other individuals identified in writing by the parent or legal guardian. Authorized individuals must show <u>A VALID ID</u> to the bus driver at the time of pick up. If no authorized individual is present at bus stop, child will be returned to the school.
	If no authorized individual is present at bus stop and child is returned to school on three occasions, bus privileges will be canceled.
	Authorized individuals will be required to sign for the student each day that the child rides the bus.
	The addition of other authorized individuals must be completed in writing and will take at least 5 days for the individual to be added to the authorized pickup list.

A request to obtain bus transportation *does not* guarantee that transportation will be provided by the Early Childhood program. Transportation is limited and is based on the funding source assigned to a child's space in the classroom.

Transportation requests may take up to four weeks to process and families will be notified by the ERSEA department with a letter regarding status. If a letter is not received, families must contact the ERSEA department to find out the status of their request *after four weeks have expired*.

**I understand and agree to the previous statement regarding timeline, notification and understand that a request does not guarantee that transportation will be set up for my child. Furthermore, if approved I hereby authorize Poudre School District to transport my child.**
