

2006 Colorado State Science and Engineering Fair Blevins JHS

Congratulations to **Thomas Roland, Elena Schwartz, and Dane Whicker** for their participation in the 2006 Colorado State Science and Engineering Fair held at Colorado State University this past week. Thomas, Elena and Dane all did an outstanding job of representing the Blevins Community.

Thomas Roland received special awards from the following organizations:

1. Colorado Geological Survey Division of Minerals and Geology.
2. Colorado Mineral Society, which came with \$25, a book and mineral specimen.
3. Society for Mining, Metallurgy and Exploration, Inc., which came with \$100 and a plaque.
4. United States Geological Survey, which came with a book and mineral specimen.
5. Thomas also received **third place for the state of Colorado in the Earth and Space Sciences category**. Thomas received \$50 for his third place.

Dane Whicker received a special award from:

1. United States Navy and Marine Corps, which came with a medallion and certificate.
2. Dane also received an **Honorable Mention certificate for the Engineering category**.

The science department would like to applaud Thomas Roland, Elena Schwartz, and Dane Whicker for their outstanding academic achievement at this high level of competition!
