

Colorado Science and Engineering Fair 2007

Congratulations to the students who represented **Blevins JHS** at the **52nd Annual Colorado Science and Engineering Fair** held at Colorado State University this past week.

Junior Division:

Majed Aldhamari received the **Young Scientist Award** for the **Behavioral and Social Sciences division**.

Hannah Ekblad received **Honorable Mention for the Plant Sciences division**. Hannah also received some special awards. Hannah's project was recognized as the **top junior project by Rio Tinto Minerals Inc.** for which she was given \$100 and a certificate. Hannah received **second place from the Soil and Water Conservation Society** for which she was given a certificate, ribbon, and \$25.

Senior Division:

Carson Wray and **Aubrey Hasvold** were recognized as **the top two senior division projects from the regional Long's Peak Science and Engineering Fair**. They have been given an all expense paid trip to the **International Science and Engineering Fair to be held in Albuquerque, New Mexico** on May 13-19, 2007.
