

2008 Northern Regional Science Olympiad

Blevins Science Olympiad won the Northern Regional Science Olympiad competition AGAIN!!!!!!!!!! Team members competed this past Saturday with 26 other middle schools from the northern half of the state of Colorado. Blevins Team 1 placed in the top five in 14 of 23 events. Blevins Team 2 placed in the top ten in 9 of 14 events. Every point counted in the end as Leshler's Team 1 and our Team 1 tied for the first place spot. Blevins was awarded the first place trophy due to winning more individual medals than Leshler.

Individual Awards went to the following students:

3rd Place to Juan Medina and Kyle Wray for Balloon Launched Glider

2nd Place to Alex Nuckols and Brennan O'Grady for BioProcess Lab.

3rd Place to Kyle Wray, Jace Spraker and Alex Nuckols for Crave the Wave

3rd Place to Jennifer Erickson and Hannah Eckblad for Ecology

1st Place to Meleena O'Neill and Max Flynn for Meteorology

1st Place to Max Flynn and Kyle Wray for Mystery Architecture

1st Place to Mando Ramirez and Juan Medina for Rocks & Minerals

1st Place to Erik Evans and Meleena O'Neill for Science Crime Busters

2nd Place to Kim Marsden and Delani Miller for Science Word

1st Place to Sven Swanson and Max Flynn for Simple Machines

1st Place to Delani Miller and Kim Marsden for Towers

Blevins Team 1 will advance to the State competition April 12th in Golden, Colorado. Congratulations to all team members on both teams.
