

The Blevins Science Olympiad Team is advancing to the National Tournament to be held in Wichita, Kansas in May 16th - May 19th!!!!!!!!!!

For the first time in Blevins history, we won the state tournament and we won big; beating the second place team Platte River Academy by 45 points.

Despite not taking a lot of individual medals, every team member pulled it together to capture 17 top ten rankings launching us to the top at the end of an intense awards ceremony.

Our team consisted of:

5 highly experienced veteran ninth graders

Dane Whicker
Cassie Nuckols
Natalie Kreider
Russell Evans
Tara Bagley

5 extremely competitive eighth graders

Jace Spraker
Delani Miller
TJ Leonard
Jessica Lenczycki
Jennifer Erickson

5 seventh graders who have quickly gotten the hang of this

Mondo Ramirez
Alex Nuckols
Juan Medina
Max Flynn
Erik Evans

Individual medals went to the following team members:

Russell Evans & Dane Whicker 1st place in the "Don't Bug Me" event
Jessica Lenczycki & Natalie Kreider 1st place in the "Ecology" event
Jace Spraker & Jessica Lenczycki 2nd place in the "Food Chemistry" event
Cassie Nuckols & Dane Whicker 1st place in the "Science Crime Busters" event
Dane Whicker & Alex Nuckols 1st place in the "Storm the Castle" event

Could all of Blevins put it together and give a rousing applause for these student members representing our school so well?

PAUSE

A reminder to all team members we will meet in room 145 after school today to organize and strategize for the national tournament coming up in May.
