

EEAFA - EXTRACURRICULAR/FIELD TRIPS/SPECIAL EVENTS TRANSPORTATION

Use of school district transportation vehicles for other than normal home-to-school use is encouraged for authorized school activities within energy conservation guidelines. Regular bus routes shall take priority over all other uses. Priorities for school bus trips other than regular bus routes are:

1. Colorado High School Activities Association activities
2. Instructional field trips
3. Booster clubs and student body trips

If deemed necessary by the director of transportation services, private charter transportation may be utilized in lieu of district buses.

In cases of road closures or severe weather conditions in any areas of the state that may affect bus trips, the director of transportation services may cancel affected trips.
