## HIPAA Special Enrollment Notice

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (of if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 31 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment with 31 days after the marriage, birth, adoption, or placement for adoption.

Poudre School District will also allow a special enrollment opportunity if you or your eligible dependents either:

- Lose Medicaid or Children's Health Insurance Program (CHIP) coverage because you are no longer eligible, or
- Become eligible for a state's premium assistance program under Medicaid or CHIP.

For these enrollment opportunities, you will have 60 days – instead of 31 days – from the date of the Medicaid/CHIP eligibility change to request enrollment in the Poudre School District Health Plan. Note that this 60-day extension doesn't apply to enrollment opportunities other than due to the Medicaid/CHIP eligibility change.

To request special enrollment or obtain more information, contact Christina Erickson, Benefits Technician, 970-490-3499 or at [christie@psdschools.org](mailto:christie@psdschools.org).

## Public Employees' Retirement Association (PERA)

Employees of PSD do not pay into Social Security. Instead employees participate in the Colorado PERA defined benefit pension fund. You contribute a mandatory 8% of your monthly gross salary into PERA and the district contributes an amount equivalent to 20.15% of your gross salary to help fund the PERA system.

After working five years under PERA covered employment, you become vested in the pension plan and are eligible to receive retirement payments once you reach retirement age. Retirement benefits are determined based on age and service. For additional information, contact PERA at 800-759-7372 or online at [www.copera.org](http://www.copera.org).

## Pre-Tax Versus Post-Tax Insurance Premiums

Employee paid elections for medical, dental and vision benefits are automatically deducted as a pre-tax benefit through a premium-only cafeteria plan in accordance with Section 125 of the Internal Revenue Code. You pay no federal or state income tax or PERA contributions, and no Medicare tax (if applicable) on these dollars.

Pre-tax premiums reduce salary reported to PERA, which may affect your highest average salary used for retirement calculations. When you approach your final four years before retirement, you may wish to change your status to post-tax (or after-tax). Therefore, the District offers the Post-Tax Premium Option to maximize benefits for all employees. You must complete the Post-Tax Premium Election Form as a new hire during your initial 31-day enrollment period or during the annual open enrollment to elect this option. Electing the post-tax premium option maximizes benefits to employees by not reducing salary reported to PERA. Post-tax benefits increase federal and state taxable income as well as PERA contributions.

## Monthly Insurance Premiums

The cost of your coverage varies by the plan and the tier you select. As health care costs increase, each year Poudre School District will evaluate the cost of health care benefits and may find it necessary to increase employee contributions and/or make changes to the plan design. It is our goal to maintain a competitive benefit program.

### Employer Contribution

Depending on your eligibility, Poudre School District makes a premium contribution toward the cost of employee-only benefit coverage. This contribution represents a significant part of the cost of employee-only medical coverage and 100% of the cost for employee-only dental coverage. Regardless of the plan you choose, you are responsible for 100% of any spouse/domestic partner/partner in a civil union and/or child dependent coverage elected. If you enroll your dependents, they must be enrolled in the same plan that you elect for yourself.

*If you elect coverage and are required to pay a monthly cost, your pay will be prorated to cover the cost of premiums over the summer months.*

If you decline medical or dental coverage, you will NOT receive a taxable cash contribution (in lieu of the benefits) from the District.

**Medical Premium Discount**

The monthly employee share for medical premiums can be reduced by \$25 per month for participating in PSD’s wellness program on an annual basis.

**What exactly do you need to do to receive the discount?**

It’s simple! You must be currently enrolled in a PSD medical plan then each year (August 1 – June 30) you must complete these 2 simple steps by the **June 30** deadline to start receiving the \$25 per month discount beginning the following August.

Step 1 – Complete your annual preventative screening. This can be done one of two ways:

- accessing the onsite biometric screenings PSD offers during the year OR
- visiting your doctor and having them complete the Physician Results Form available on the wellness portal

Step 2 – Complete the Know Your Number Health Risk Assessment on the wellness portal

Watch for monthly emails from PSD’s Wellness Manager with additional details about the medical premium discount. You may also contact Christina Erickson at 970-490-3499 or Amanda Brantley at 970-490-3074 with questions.

The monthly costs of coverage for the Poudre School District benefit plans are listed in the chart below.

## Benefit Effective Date

You must choose coverage for medical, dental, vision, flexible spending plans, and the legal services plan during your initial 31-day enrollment period as a new employee, or when newly eligible (due to job change or increase in hours). Your coverage is effective the first (1<sup>st</sup>) of the month following your date of hire (which is your first day of actual work as a regular employee). This is also the first day of your initial 31-day enrollment period.

**Important** – you cannot change your elections during the plan year unless you experience a “qualified status change” as defined by the IRS. See the *Changing Elections During the Plan Year* section in this booklet for additional information.

All benefit eligible employees must enroll (or waive) coverage for medical, dental, vision, and flexible spending plans using the UHealth Plan Administrators online enrollment system. You may access this website at <http://tpa.uhealth.org>.

## Benefit Stop Dates

Your insurance coverage ends on the earliest of the following events:

- ✓ The date the plan is terminated,
- ✓ The last day of the month in which your employment ends,

- ✓ The last day of the month in which you no longer make required contributions; including while on FMLA,
- ✓ The last day of the month in which you or your dependents are no longer eligible under the Poudre School District benefit plans,
- ✓ The end of the month after your FMLA ends, if you do not return to work (certain exceptions may apply),
- ✓ In the case where an Employee elects to drop coverage during Open Enrollment, the last day of the plan year.
- ✓ Life insurance benefits end on your date of termination

## Open Enrollment Period

Open enrollment happens once a year in July prior to the new plan year. It's a time to consider your benefit needs and make new choices. The benefits you choose will be effective from August 1 to July 31. At that time, you may do the following:

- Enroll or opt out of one of the medical plans;
- Enroll or opt out of the dental or vision plan;
- Add or drop eligible dependents;
- Enroll or re-enroll in the Flexible Spending Account plan
- Enroll or drop the legal services plan through ARAG

## Changing Elections during the Plan Year

As you make your elections, please keep in mind in accordance with IRS regulations; once you make your elections, these may not be changed during the plan year (August 1 through July 31) unless you experience a qualified status change. Benefit changes must be consistent with the situation. *If you experience a qualified status change and wish to change your elections, you must complete the online enrollment process and submit proof of the status change to Benefits Services within 31 days of the status change.* **Exception:** Unlike other qualifying events, you have 60 days from the date of the qualifying Medicaid/CHIP event to request enrollment in the PSD medical plan.

Currently, Federal law considers the following events to be examples of a change in status:

- a change in your legal marital status (including marriage, death of a spouse, divorce, legal separation and annulment);
- a change in the number of your dependents (including birth, death, adoption and placement for adoption);
- a change in the employment status of you, your spouse or dependent (including the termination or commencement of employment, a strike or lockout, commencement of or return from an unpaid leave of absence, a change in work site, or a change in your employment status that changes eligibility under the plan);
- a change in your dependent's ability to satisfy or cease to satisfy the requirements for coverage (due to attainment of age);
- a change in the place of residence of you, your spouse or dependent resulting in a change in eligibility for a particular plan;
- the amount of an election for your child or foster child who is a dependent is required to be changed by a judgment, decree, or order resulting from a divorce, legal separation or change in legal custody;

- you, your spouse, or dependent becomes enrolled or loses eligibility for Medicare (Part A or B) or Medicaid (other than coverage for pediatric vaccines);
- you, your spouse or dependent loses coverage under any group health coverage sponsored by a governmental or educational institution;
- coverage under a group health plan changes due to a special enrollment under HIPAA;
- you take a leave under the Family and Medical Leave Act (FMLA);
- you depart for or return from qualified military service under the Uniformed Services Employment and Reemployment Rights Act.

For a full description of a qualified status change refer to the specific Health Plan Document and Plan Summary.

## Coverage under More Than One Policy

You and/or your dependents may have other medical, dental, or vision coverage available to you. Before you enroll in coverage under more than one policy (dual coverage), you should consider the cost of the coverage, the benefits provided under dual coverage and if there are any exclusion clauses. If you have coverage under more than one plan, the plans will coordinate benefits. **Under no circumstance should you receive benefit payments greater than the cost of care.**

In coordinating benefits, one plan is considered the primary plan and the other plan(s) become the secondary plan(s). If you are covered under your employer's plan and your spouse's plan, then your plan is primary, and your spouse's is secondary. Likewise, if your spouse is covered under their employer's plan and yours, their plan is primary and yours is secondary. For dependent children with dual coverage, it is the parent whose birth date is first in the calendar year who provides the primary coverage. The primary plan pays benefits first, and then the secondary plan(s) pay benefits if appropriate. If the District plan is primary, it will pay benefits as it regularly would. If the District plan is secondary to another plan(s), you first must submit a claim to the primary plan. After the primary plan has paid benefits, or denied your claim, the District plan will calculate its payment, if any. The District plan will not pay more than it would have paid had it been the primary plan.

You should refer to the Summary Plan Description for specific information regarding coordination of benefits.

*These benefit summaries are intended only to highlight your Benefits and should not be relied upon to fully determine your coverage. If these Benefit Summaries conflict in any way with the Plan Document and Plan Summary, the Plan Document and Plan Summary shall prevail. It is recommended that you review your Plan Document and Plan Summary for an exact description of the services and supplies that are covered, those which are excluded or limited, and other terms and conditions of coverage.*

**Routine preventive services** are covered at 100% under both the PPO1 and PPO2 plan when utilizing a network provider. A preventive health visit can help identify any current or potential medical issues before they develop into something more serious. Some well child, well man, and well woman screenings, vaccinations, and tests have specific age requirements. Please be sure to check with UCHealth Plan Administrators prior to obtaining these services to determine whether it will be considered preventive and covered at 100%.

The following are common terms used to understand medical coverage.

- Coinsurance: Percentage of the charge that you pay for covered services **after** you've met your deductible.

- Copay/Copayment: An amount you pay for a covered service each time you utilize that service. It does **not** apply toward the deductible.
- Deductible: The amount that you pay for covered services before you start paying any applicable coinsurance and the plan begins to pay. For example, if you have a \$500 plan year deductible, you will pay 100% of your medical bills until you've reached the \$500.
- In-network: Refers to the inclusion of a provider within the health care network
- Out-of-Network: Refers to a provider that is not part of the health care network
- Plan Year Out-of-Pocket Maximum (OOPM): The maximum amount you pay for covered services within a given plan year. After you reach the OOPM, the health plan pays 100% of covered services for the remainder of the plan year.

**Note: Plan Year refers to the time period August 1, 2018 through July 31, 2019**

## Home Delivery – What it is and how to use it.

- Home Delivery offers you and your eligible dependents the convenience and savings of having your long-term medications (those taken for 3 months or more) delivered to your home or office and standard shipping is free.
- You receive up to a 90-day supply (compared with a typical 34-day supply at retail) of each covered medication for just one (1) mail order co-payment.
- Co-payment (up to a 90-day supply):
  - Generic \$25
  - Preferred \$75
  - Non-preferred \$125
- Getting started is simple
  - Ask your doctor to write a prescription for up to a **90-day supply** of each medication (plus refills for up to 1 year, if appropriate).
  - Complete an *OptumRx Home Delivery Form*. Available on the PSD website under Staff tab then Benefits, Benefits A-Z, and Forms or by contacting Benefits Services as [PSDbenefits@psdschools.org](mailto:PSDbenefits@psdschools.org).
  - Send the completed form, your prescription, and your payment to OptumRx.
  - Your medication will usually be delivered within 7-10 days after they receive your order. If you are currently taking a medication, be sure to have at least a 14-day supply on hand when ordering. If you don't have a 14-day supply, ask your doctor to give you a second prescription for a 14-day supply and fill it at a participating retail pharmacy while your mail-order prescription is being processed.
  - You can also choose to sign up for **OptumRx By Mail** online at [www.optumrx.com](http://www.optumrx.com).
  - If you choose, you may also call OptumRx at 1-800-880-1188 and they will contact your doctor to transfer your current prescriptions to **OptumRx By Mail** for you.

## Retail Refill Allowance Program

- This program allows you and your eligible dependents to fill your long-term prescriptions two (2) times at the retail pharmacy.
- Beginning on the third refill, you will pay a higher cost for the covered medications you take on a long-term basis if you continue to purchase them at a participating retail pharmacy. This cost is the Home Delivery co-payment cost. You will pay this higher cost for a 34-day supply at retail unless you utilize Home Delivery.
- Long-term prescriptions are medications used for treatment of a chronic condition whose duration of therapy is reasonably expected to exceed one year.
- To receive your long-term prescriptions at the most efficient cost to you, you should utilize the Home Delivery Pharmacy Service. You are not required to use Home Delivery, but it will save you money.
- In addition, you should continue to get all your short-term prescriptions, such as antibiotics, at the regular retail pharmacy.

## Flexible Spending Accounts (FSA)

**NOTE: Each year that you would like to participate in the FSAs, you are required to re-enroll during the annual open enrollment period.**

An FSA provides valuable benefits and tax savings since many of your normal expenses can be paid with pre-tax money! Money withheld from your paycheck for the FSA is not subject to Federal, State or Medicare taxes, or PERA contributions. That's where the savings comes in (a possible savings of 15-40% depending on your tax bracket)! Section 125 of the Internal Revenue Code allows you to defer a portion of your gross income into a tax-free spending account for:

- ✓ Health Care FSA – used to pay for medical, dental and vision related expenses for you and your eligible dependents, even if they aren't enrolled in your PSD medical, dental, or vision insurance
- ✓ Dependent Care (or Daycare) FSA – used to pay for eligible daycare expenses for your eligible dependents

You use each account separately, but they work similarly. Funds cannot be transferred between the health care FSA and dependent care FSA.

Eligible expenses must be incurred during the plan year (August 1-July 31).

**Use it or lose it!** Plan carefully! Any account balance after July 31 of each year will be forfeited. You do have 90 days from the end of the plan year to submit qualified expenses incurred through July 31 for reimbursement.

### Health Care FSA

Health care expenses can quickly add up. The health care FSA lets you set aside a predetermined amount, divided into equal monthly installments, from your paycheck, to pay for medically necessary medical, dental, vision, and pharmacy expenses. In general, you can use your health care FSA for the same type of health care expenses the IRS lets you claim as a deduction on your personal income tax returns. Additionally, you can claim certain over-the-counter medications as prescribed by your doctor. However, you cannot claim these FSA expenses on another FSA or your personal income tax return. You can submit your deductibles, coinsurance payments and co-payments for reimbursement under the FSA. Health care FSAs must be continued while you are on a leave of absence, unless participation is waived within 31 days of the "qualifying event".

The expenses you claim must not be eligible for reimbursement elsewhere (i.e., insurance plans) and you will not be able to claim the reimbursed expenses as a medical deduction on your tax return.

#### How much can I contribute?

The maximum amount you may set aside is \$2,650 per year (\$220.83 per month) and the minimum is \$120 per year (\$10 per month) for health care expenses. The maximum amount is pro-rated if your first paycheck is after August 31. The amount is limited per employee. Therefore, if both spouses work for PSD each could contribute \$2,650.

#### Eligible Expenses

An eligible expense is defined as those expenses paid for care as described in Section 213(d) of the Internal Revenue Code. For more detailed information, please refer to IRS Publication 502 – Medical and Dental Expenses ([www.irs.ustreas.gov](http://www.irs.ustreas.gov)).

If you have any questions about whether a procedure or an item is eligible for FSA reimbursement, please contact UCHealth Plan Administrators at 970-224-4600 prior to establishing your medical FSA. Plan carefully for all known expenses, since failure to receive eligible services during the plan year will result in unspent monies that are lost to you.

The following list is not intended to be a complete list of eligible expenses. The IRS regulations regarding eligible expenses that may be included in Section 125 Flexible Spending Accounts is the final determination. All expenses must be eligible under IRS Code Section 213(d). ### How Do You Get Reimbursed?

When you participate in the health flexible spending account, you will receive a “Benny” card to use as payment to providers. The card acts as a credit card with your annual health flexible spending balance on the card. Each time the card is used, the applicable charge is deducted from the balance. You must keep your receipts as backup for the charges on the card, but you are not required to submit them for reimbursement.

If the provider, doctor’s office, or merchant doesn’t accept credit cards, you will need to pay the provider with cash or check and then submit the Flexible Spending Account Claim Form to UCHealth Plan Administrators for reimbursement. Be sure to include all details and necessary receipts on the form prior to submission. The form can be obtained on the PSD website at [www.psdschools.org](http://www.psdschools.org) -> Staff -> Benefits -> PSD Benefits A – Z -> Forms.

### Qualified Status Change for Health Care FSA

Your annual election cannot change during the plan year unless you experience an IRS qualified status change. If you have a qualified status change, you must submit the change to Benefits Services within 31 days of the status change on the appropriate enrollment or change form. *The change you elect must be consistent with the status change.* For example, should you have a child during the plan year, it is consistent if you elect to increase your medical care FSA deduction. It would not be consistent to reduce your deduction, as expenses should increase with the addition of a baby.

- ✓ You must be enrolled in the FSA plan to make a change.
- ✓ A qualified status change will **NOT** allow you to join the plan mid-year.

### Dependent Care (or Daycare) FSA

The Dependent Care FSA lets you set aside a predetermined amount, divided into equal monthly installments, from your paycheck, to pay for dependent care (daycare) expenses. An eligible dependent may be a child under age 13 or a disabled adult you claim as a deduction on your personal taxes. You can use this FSA for day care expenses when you and your spouse work outside your home.

### How much can I contribute?

The maximum is \$5,000 per year per household (\$416.67 per month) and the minimum is \$120 per year (\$10 per month) for Dependent Care expenses. The maximum amount is pro-rated if your first paycheck is after August 31st. If you and your spouse are both PSD employees, the maximum combined contribution is \$5,000 per year.

### Eligible Expenses

An eligible expense is defined as those expenses paid for care as described in IRS Publication 503 – Child and Dependent Care Expenses. ([www.irs.ustreas.gov](http://www.irs.ustreas.gov)). In general, eligible expenses include childcare (nursery, preschool or private sitter), before and after-school care, and day camps.

### Ineligible Expenses

Ineligible expenses include all-day kindergarten tuition, overnight camps, expenses paid to a tax-dependent, expenses for food and clothing, and health care expenses for your dependents.

You should consult with your tax professional to determine whether the dependent care FSA is the best way to pay for your dependent expenses. Remember that you cannot claim these FSA expenses on another FSA or your personal income tax return.

Plan carefully for all known expenses, since failure to receive eligible services during the plan year will result in unspent monies that are lost to you.

- ✓ You may enroll in, change, or drop the dependent care FSA plan if you have a qualified status change. **The change must be consistent with the status change.**

## Short Term/Long Term Disability

PSD offers short- and long-term disability coverage for eligible employees scheduled to work 15 or more hours per week. There is no cost to the employee. Should you become disabled and

unable to work, this coverage would provide a benefit to help replace your salary. This is especially important if you do not have at least five years of service credit with PERA. After you have earned five years of service credit, PERA provides some disability protection.

Standard Insurance Company makes the medical determination for disability benefits.

*This benefit summary is intended only to highlight your Benefits and should not be relied upon to fully determine your coverage. For all details, please see the policy certificate available by contacting Benefits Services at 970-490-3680.*

## 401(k), 403(b), and 457 Information

Internal Revenue Service (IRS) regulations allow employees to put part of their salary into special accounts without paying taxes on that money or on the earnings it generates until it is withdrawn (usually at retirement). Because this money is taken out of your pay before taxes (tax-deferred), you pay lower federal and state income taxes now. The District offers three programs for you to select from if you decide to set aside some of your compensation on a tax-deferred basis.

Tax Sheltered Annuities and Custodial Accounts – 403(b) The Internal Revenue Code Section 403(b) permits employees of educational institutions to exclude a portion of their salary from current taxable income through purchase of an annuity or custodial account. The District has several approved providers who offer 403(b)'s to PSD employees.

457 Plan– Flexible Tax-Deferred Savings Plan – Empower Retirement is the sole provider for this plan which allows an employee to increase the tax-deferred amount each year by combining the contribution limits of a 401(k) account and/or a 403(b) account with a 457 account. The 457 Plan has a separate contribution limit than the 401(k)/403(b) limit.

PERA's 401(k) The PERA 401(k) Plan was established on July 1, 1985, to enhance the retirement savings opportunities of PERA members. The 401(k) Plan provides all Colorado PERA members the option to voluntarily invest some of their income tax-deferred. Any active and contributing member of PERA or retiree working in a PERA-covered position is eligible to contribute to the Plan from his or her PERA employer income.

## Enrollment

Participants in any of the deferred compensation plans are required to elect to defer (contribute) to the plan prior to the month in which the contribution is effective. For example, if an employee wishes to change a contribution amount or elect to contribute to a deferred compensation plan effective on the July payroll, the election must be made by June 30. This

requirement is based on IRC 457 regulations. For consistency, the District is applying this regulation to the 403(b) and 401(k) plans as well.

You may enroll in a deferred compensation plan anytime during the year as long as you meet the requirement stated above.

To enroll in PERA’s 401(k) plan, you may obtain an enrollment kit from PERA.

To enroll in a 403(b) plan, you must contact one of PSD’s Approved Providers listed above. The forms for enrolling are available through the representative, PSD Payroll Department, or online from the PSD website at [www.psdschools.org](http://www.psdschools.org) -> Staff -> Quick Links -> S.A.F.E. -> Payroll Forms -> Voluntary Deduction Election.

## Important Compliance Notices

### **Availability of Summary of Benefits and Coverage (SBC) Document(s)**

In accordance with law, our plan provides you with an SBC as a way to help you understand and compare medical plan benefits. The SBC summarizes and compares important information including, what is covered, what you need to pay for various benefits, what is not covered, and where to get answers to questions. SBC documents are updated when there is a change to the benefits information. The most current SBC is available on the Benefits Services website at [www.psdschools.org](http://www.psdschools.org) -> Staff -> Benefits -> PSD Benefits A-Z -> Summary of Benefit Coverage.

### **Newborns' and Mothers' Health Protection Act**

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

### **Women's Health and Cancer Rights Act (WHCRA)**

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Protheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. Therefore, the following deductibles, copayments, and coinsurance apply:

- PPO1 Plan
  - Individual in-network deductible: \$500
  - In-network inpatient services and in-network outpatient services: Member pays 30% after deductible

- PPO2 Plan
  - Individual in-network deductible: \$1,000
  - In-network inpatient services and in-network outpatient services: Member pays 30% after deductible

If you would like more information on WHCRA benefits, call your plan administrator at 970-224-4600.

## **Family and Medical Leave Act (FMLA)**

### **Basic Leave Entitlement**

FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave in a 12-month period to eligible employees for the following reasons:

- To care for the employee's child after birth, or placement for adoption or foster care;
- To bond with a child (leave must be taken within 1 year of the child's birth or placement);
- To care for the employee's spouse, child, or parent, who has a serious health condition;
- For a serious health condition that makes the employee unable to perform the employee's job; or
- For qualifying exigencies related to the foreign deployment of a military member who is the employee's spouse, child, or parent.

### **Military Family Leave Entitlements**

Eligible employees with a spouse, child, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation may use their 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered servicemember during a single 12-month period. A covered servicemember is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty on active duty that may render the servicemember medically unfit to perform his or her duties for which the servicemember is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or is on the temporary disability retired list.

### **Benefits and Protections**

During FMLA leave, the employer must maintain the employee's health coverage under any "group health plan" on the same terms as if the employee had continued to work. Upon return from FMLA leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms.

Use of FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of an employee's leave.

### **Eligibility Requirements**

Employees are eligible if they have worked for a covered employer for at least 12 months, for 1,250 hours over the previous 12 months, and if at least 50 employees are employed by the employer within 75 miles.

### **Definition of Serious Health Condition**

A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job, or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

### **Use of Leave**

An employee does not need to use this leave entitlement in one block. Leave can be taken intermittently or on a reduced leave schedule when medically necessary. Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the employer's operations. Leave due to qualifying exigencies may also be taken on an intermittent basis.

### **Substitution of Paid Leave for Unpaid Leave**

Employees may choose or employers may require use of accrued paid leave while taking FMLA leave. In order to use paid leave for FMLA leave, employees must comply with the employer's normal paid leave policies.

### **Employee Responsibilities**

Employees must provide 30 days advance notice of the need to take FMLA leave when the need is foreseeable. When 30 days notice is not possible, the employee must provide notice as soon as practicable and generally must comply with an employer's normal call-in procedures.

Employees must provide sufficient information for the employer to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that the employee is unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for military family leave. Employees also must inform the employer if the requested leave is for a reason for which FMLA leave was previously taken or certified. Employees also may be required to provide a certification and periodic recertification supporting the need for leave.

### **Employer Responsibilities**

Covered employers must inform employees requesting leave whether they are eligible under FMLA. If they are, the notice must specify any additional information required as well as the employees' rights and responsibilities. If they are not eligible, the employer must provide a reason for the ineligibility.

Covered employers must inform employees if leave will be designated as FMLA-protected and the amount of leave counted against the employee's leave entitlement. If the employer determines that the leave is not FMLA-protected, the employer must notify the employee.

### **Unlawful Acts by Employers**

FMLA makes it unlawful for any employer to:

- Interfere with, restrain, or deny the exercise of any right provided under FMLA;

- Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

### **Enforcement**

An employee may file a complaint with the U.S. Department of Labor, Wage and Hour Division, or may bring a private lawsuit against an employer.

FMLA does not affect any Federal or State law prohibiting discrimination, or supersede any State or local law or collective bargaining agreement which provides greater family or medical leave rights.

## Medicare Part D Notice – Creditable Coverage

### Important Notice from Poudre School District About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with the Poudre School District Health Plan (including the PPO1 and PPO2 plans) and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Poudre School District has determined that the prescription drug coverage offered by the Poudre School District Health Plan (including the PPO1 and PPO2 plans) is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

---

#### When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

#### What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Poudre School District Health Plan coverage will not be affected. You can keep the Poudre School District Health Plan coverage and it will act as your primary plan for prescription drug coverage.

If you do decide to join a Medicare drug plan and drop your current Poudre School District Health Plan coverage, be aware that you and your dependents will be able to get this coverage back provided eligibility requirements are met.

#### When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with the Poudre School District Health Plan and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

#### **For More Information About This Notice Or Your Current Prescription Drug Coverage...**

Contact the person listed below for further information or call OptumRX at 1-800-880-1188. **NOTE:** You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through the Poudre School District Health Plan changes. You also may request a copy of this notice at any time.

#### **For More Information About Your Options Under Medicare Prescription Drug Coverage...**

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit [www.medicare.gov](http://www.medicare.gov)
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at [www.socialsecurity.gov](http://www.socialsecurity.gov), or call them at 1-800-772-1213 (TTY 1-800-325-0778).

**Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).**

## Children’s Health Insurance Program (CHIP)

### Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit [www.healthcare.gov](http://www.healthcare.gov).

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or [www.insurekidsnow.gov](http://www.insurekidsnow.gov) to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at [www.askebsa.dol.gov](http://www.askebsa.dol.gov) or call **1-866-444-EBSA (3272)**.

**If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2018. Contact your State for more information on eligibility –**

## HIPAA Exemption – Notice to Enrollees

Under a Federal law known as the Health Insurance Portability and Accountability Act of 1996 (HIPAA), Public Law 104-191, as amended, group health plans must generally comply with the requirements listed below. However, the law also permits State and local governmental employers that sponsor health plans to elect to exempt a plan from these requirements for any part of the plan that is "self-funded" by the employer, rather than provided through a health insurance policy. Poudre School District has elected to exempt the Poudre School District Health Plan (including PPO1 and PPO2) from the following requirements:

1. Parity in the application of certain limits to mental health benefits. Group health plans (of employers that employ more than 50 employees) that provide both medical and surgical benefits and mental health or substance use disorder benefits must ensure that financial requirements and treatment limitations applicable to mental health or substance use disorder benefits are no more restrictive than the predominant financial requirements and treatment limitations applicable to substantially all medical and surgical benefits covered by the plan.

The exemption from these Federal requirements will be in effect for the 2018-2019 plan year, beginning August 1, 2018 and ending July 31, 2019. The election may be renewed for subsequent plan years.

If you have questions regarding this notice, please contact Melissa Johnson, Benefits Manager at 970-490-3435 or Barb Fisher, Employee Assistance Services Manager at 970-488-4925.

## Wellness Program Notice

Poudre School District offers a voluntary wellness program available to all employees. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program you will be asked to complete a voluntary health risk assessment or "HRA" that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You will also be asked to complete an annual biometric screening, which will include a blood test for a full cholesterol panel (total cholesterol, high density lipoprotein, calculated low density lipoprotein, triglycerides). This will also include body measurements, such as height, weight, and waist circumference. You are not required to complete the HRA or to participate in the blood test or other medical examinations.

However, employees who choose to participate in the wellness program will receive a \$25 per month medical premium discount. If the employee completes the annual biometric screening, the HRA, and earns additional activity points, they will be entered into a raffle. The amount of points you accumulate (including the points from the requirements above) will determine your additional incentive eligibility. Although you are not required to complete the HRA or participate in the annual biometric screening, only employees who do so will be eligible for an incentive at the end of the wellness year.

If you think you might be unable to meet a standard for a reward under this wellness program, you might qualify for an opportunity to earn the same reward by different means. You may

contact the Wellworks For You staff at 800-425-4657 and they will work with you (and if you wish, with your doctor) to find a wellness program with the same reward that is right for you in light of your health status.

The information from your HRA and the results from your annual biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program, such as Wellness Challenges. You also are encouraged to share your results or concerns with your own doctor.

### ***Protections from Disclosure of Medical Information***

We are required by law to maintain the privacy and security of your personally identifiable health information. Although the wellness program and Poudre School District may use aggregate information it collects to design a program based on identified health risks in the workplace, Wellworks For You will never disclose any of your personal information either publicly or to the employer, except as necessary to respond to a request from you for a reasonable accommodation needed to participate in the wellness program, or as expressly permitted by law. Medical information that personally identifies you that is provided in connection with the wellness program will not be provided to your supervisors or managers and may never be used to make decisions regarding your employment.

Your health information will not be sold, exchanged, transferred, or otherwise disclosed except to the extent permitted by law to carry out specific activities related to the wellness program, and you will not be asked or required to waive the confidentiality of your health information as a condition of participating in the wellness program or receiving an incentive. Anyone who receives your information for purposes of providing you services as part of the wellness program will abide by the same confidentiality requirements. The only individual(s) who will receive your personally identifiable health information are the Wellworks For You team and Health Coaches in order to provide you with services under the wellness program.

In addition, all medical information obtained through the wellness program will be maintained separate from your personnel records, information stored electronically will be encrypted, and no information you provide as part of the wellness program will be used in making any employment decision. Appropriate precautions will be taken to avoid any data breach, and in the event a data breach occurs involving information you provide in connection with the wellness program, we will notify you immediately.

You may not be discriminated against in employment because of the medical information you provide as part of participating in the wellness program, nor may you be subjected to retaliation if you choose not to participate.

If you have questions or concerns regarding this notice, or about protections against discrimination and retaliation, please contact Wellworks For You at 800-425-4657.
