Points of Pride/Core Values

**Our Mission:** Educating Global Students in a Local Community

**Our Vision:** We will partner to make PGA a place where students achieve at their highest level in a safe and respectful community that values innovation, integrity, and positivity.

**Our Focus:** We focus on personalized learning and relationships, while teaching relevant skills and knowledge necessary for success in the 21st Century.

**Our Why:** We value each individual and believe they have the potential to positively impact the world.
