60 Month Questionnaire 54 months 0 days through 72 months 0 days

Questions about behaviors children may have are listed on the following pages. Please read each question carefully and check the box ✓ that best describes your child's behavior. Also, check the circle ✓ if the behavior is a concern.

Important Points to Remember:

Answer questions based on what you know about your child's behavior.

Answer questions based on your child's usual behavior, not behavior when your child is sick, very tired, or hungry.

Caregivers who know the child well and spend more than 15–20 hours per week with the child should complete ASQ:SE-2.
