

Gifted and Talented |  **POUDRE SCHOOL DISTRICT**

Tavelli Elementary School

At Tavelli Elementary, our gifted and talented students thrive. Our program offers opportunities for differentiated instruction that fosters critical thinking skills. Tavelli teachers utilize a STEAM focus where students learn about Science, Technology, Engineering, the Arts, and Mathematics through interdisciplinary units of study. Classroom teachers, instructional paraprofessionals and the GT coordinator work together to meet the needs of GT students through differentiation in the regular classroom, advanced classes and enrichment opportunities.

Overview of the GT program at this school

Tavelli's GT Program:

- Tavelli's Gifted and Talented program believes in the importance of building the academic and social/emotional needs of all students through a variety of enrichment experiences in and out of the classroom.
- Provides advanced learning experiences with appropriately higher learning standards.
- Provides social and emotional guidance.
- Acknowledges strengths and interests and helps the student build on them in an interdisciplinary approach.

Advanced Learning Plan process at this school

The ALP is written collaboratively between the GT teacher and the student. This ALP is then sent home for further conversation and updates with parents. Each identified student will have a goal that addresses both their area of identification, as well as social/emotional (affective) needs. When appropriate, goals can be combined to better serve the students.

Programming opportunities for GT students

- Opportunities vary from year to year and are specific to student interest and Advanced Learning Plan goals.
- Students receive accelerated curricular options as part of the IE enrichment classes in reading and math.

- Technology Club
- MAC Bus
- Sports Teams
- Blooming Girls
- Little Kids Rock guitar club
- Musical theater
- Science Fair
- Invention Convention
- Robotics
- Young Rembrandts Drawing classes

Affective programming for GT students

The Gifted and Talented Program at Tavelli Elementary School recognizes the GT student's affective characteristics and provides individual support through the school counselor, school psychologist, the GT teacher, and grade level teachers. The GT Program provides opportunities for students to discuss struggles and achievements in a safe environment with a trusted adult and/or other GT students with similar needs.

Grade-specific GT services

Students in grades three through five receive support in pull-out enrichment groups.
Students in kindergarten through fifth grade also receive support through in-class differentiation.
