

Gifted and Talented

POUDRE SCHOOL DISTRICT

Timnath Middle High School

TMHS is dedicated to helping each gifted student develop a meaningful Advanced Learning Plan (ALP) that is integrated with their Individual Career and Academic Plan (ICAP). Each fall, the Gifted Site Coordinator analyzes all academic data for incoming 6th and 9th grade students, as well as new students to the district, to ensure fidelity in the identification process. A unique feature of TMHS is that all students in grades 6-12 maintain their ALP/ICAP in Xello, providing parents and teachers with convenient access.

Programming Opportunities for Gifted Learners

TMHS offers a comprehensive range of advanced learning opportunities to support academic growth and personal development. **Middle school students** may pursue accelerated math pathways, world language courses, and other options that allow them to earn high school credit.

High school students have access to rigorous academic pathways, including FRCC Concurrent Enrollment, Advanced Placement (AP), and CU Succeed courses, providing opportunities to earn college credit while still in high school.

Leadership classes are also available at both the middle and high school levels, fostering confidence and future-ready skills. In addition, all students are offered Junior Achievement programming, which builds financial literacy and career readiness. Intentional gifted enrichment is offered during Cub Connect.

Overview of the GT program at this school

TMH's GT Program:

- Offers rigorous academic opportunities that challenge students with appropriately higher learning standards.
- Fosters social and emotional growth through guidance and enrichment activities both in the classroom and beyond.
- Using a whole-child approach, the program recognizes and nurtures each student's unique strengths and interests.
- Provides personalized support in selecting enrichment options, electives, and extracurricular activities that align with their passions and goals.

Advanced Learning Plan process at this school

At TMHS, we integrate each student's Advanced Learning Plan (ALP) into their Individual Career and Academic Plan (ICAP) using Xello, where students set annual short-term, long-term, and affective goals. Please use the ALP Road Map to learn about our year long process for [middle school](#) and [high school](#) students.

Enrichment opportunities for GT students during school

For more information regarding specific course offerings, please visit our [curriculum guide](#).

- Technology Student Association (TSA)
- Ultimate Frisbee

Timnath High School Opportunities

- Esports
- Light of the Moon Theatre (Drama Club/Tech Theatre)
- Seal of Climate Literacy

Affective programming for GT students

The Gifted Site Coordinator partners with GT students to develop and support their affective ALP goals. Students receive individualized guidance in selecting a meaningful goal to pursue, fostering personal growth alongside academic achievement. In addition, targeted small groups held during Cub Connect offer deeper skill-building in areas such as time management, organization, stress management, self-advocacy, and perfectionism providing students with practical strategies for success both in and out of the classroom.
