Board of Education

The Poudre School District Board of Education utilizes a policy governance model. The Board of Education establishes the vision, direction, and policies that the Superintendent implements. They are guided by the PSD Vision: Poudre School District exists to support and inspire every child to think, to learn, to care and to graduate prepared to be successful in a changing world. The District Ends are aspirational goals for PSD from which the Superintendent can generate programming. The Ends are purposefully broad in order to support all students. The interpretation of the District Ends can be found in the sub-components, which guide the benchmarks for measuring progress.

Connections: PSD students are academically and socially connected to their school and community. PSD provides engaging opportunities to support students' individual pursuits and interests.

- Students have opportunities to pursue avenues of personal connection with the world and people around them.

Policies, Laws, and Regulations

It is the responsibility of each employee to be familiar with and to comply with the laws, Board policies, District policies, and building or department regulations related to the job assignment, particularly those that guide our behavior and protect us, our students, visitors, and vendors. The District has the responsibility to make these documents available to you, but the employee should read and seek answers to any questions about any law, policy, or regulation. One of the main purposes for this information guide is to provide new employees with important information. Being aware of the laws, policies, and regulations governing your employment will assist you in better knowing the responsibilities of your position and ensure PSD will continue to provide a safe and healthy environment for students and employees. A complete listing of District policies can be found on the website.

Site-Based School Management – District Policy **CFD**.
PSD affirms the practice of site-based management at each of its schools. Under Policy CFD, principals shall have the authority to make decisions and take action at their schools including making hiring recommendations; whether stakeholder input is necessary or appropriate based on the circumstances of each site-based decision/action at their schools and if so, to what extent. The principal shall be accountable for both the implementation and results of his or her site-based school decisions and actions. This includes the school site’s compliance with governing law; Board of Education policies; District policies; regulations and administrative guidelines & procedures; oral and written directives issued by the Superintendent and cabinet-level administrators; district contracts (including but not limited to employee agreements); and district budgetary restrictions.

Shared Decision-Making - Article 1 of the PSD Employee Agreement
Shared Decision-Making is a process in which appropriate members of the school community collaborate in making decisions, each sharing the responsibility for the results.

Employee Use and Possession of Drugs and Alcohol—District Policy **GBEC** - Mandated for All Public Employees by the Federal Drug Free Workplace Act
No employee of Poudre School District will unlawfully manufacture, distribute, dispense, possess, or use a controlled substance in any District workplace. Accordingly, all District employees are prohibited from using, possessing or being under the influence of alcohol or prohibited drugs while on District property, in or on District vehicles, at any time while on duty, or at any time during a break from duty if the employee returns to duty during the same day.
Tobacco-Free and Marijuana-Free District—District Policies ADC and JLCD
Use of any tobacco product and use of marijuana by students, staff and members of the public is prohibited on all District property. Use of any tobacco product and use of marijuana by students and staff is also prohibited at all District or school-sanctioned activities or events off District property. Possession of marijuana by students, staff and members of the public is prohibited on all District property, and possession of any tobacco product by students is also prohibited on all District property.

As required by Colorado law, primary caregivers are permitted to administer medical marijuana in a non-smokable form to students on District property and at District or school-sponsored activities and events in accordance with the terms and conditions specified in District Policy JLCD. As used in District Policy JLCD with regards to medical marijuana, a “primary caregiver” is defined as the student’s parent or guardian, or a licensed physician or licensed nurse employed by the student’s parent or guardian. Under no circumstances is a District employee permitted to administer medical marijuana to a student on District property or at a District or school sponsored event unless: (a) the employee is a parent or guardian of the student; (b) the employee is not on duty; and (c) the employee administers the medical marijuana in a non-smokable form to the student in strict compliance with the terms and conditions of Policy JLCD.

Staff Ethics/Conflicts of Interest – District Policy GBEA
No employee of the Board shall engage in or have a financial interest, directly or indirectly, in any activity that conflicts or raises a reasonable question of conflict with his duties and responsibilities in the school system. An employee shall not sell any books, instructional supplies, musical instruments, equipment, or other school supplies to any student or to the parents/guardian of a student who attends the school served by the employee unless prior approval has been obtained from the Board. Moreover, as there should be no conflict of interest in the supervision and evaluation of employees, at no time may any administrator responsible for the supervision and/or evaluation of any employee be directly related to him or her.

Use of District Information Technology—District Policies GBEE and EHA
Employee use of District information technology is a privilege, not a right, and is only authorized for work-related purposes. Any action by an employee that is determined to constitute an inappropriate use of Poudre School District computers, networks and related information technology as defined in District Policy EHA is prohibited. District employees specifically agree not to use District information technology to generate, send, receive or store communications, documents, data, software or other information that is defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive or in violation of federal, state or local laws. Employees shall maintain the confidentiality of all student education records and personally identifiable information developed, sent, received and/or stored through the use of District information technology as required under the Family
Educational Rights and Privacy Act, Colorado Open Records Act, and District Policy JRA/JRC. Employees shall also maintain the confidentiality of all personnel file information developed, sent, received and/or stored using District information technology as required under the Colorado Open Records Act and District Policy GBJ.

Nondiscrimination/Equal Opportunity —District Policies AC, AC-E and AC-R
No otherwise qualified person shall be denied access to, be excluded from participation in, be denied the benefits of, or be subjected to unlawful discrimination under, any District program or activity on the basis of race, color, religion, national origin, ancestry, sex, sexual orientation, marital status, veteran status, age or disability. Aggrieved individuals are encouraged to promptly report incidences of discrimination/harassment as provided in District Policy AC-R. All reports received by teachers, counselors, principals and other District employees shall be promptly forwarded to the appropriate Compliance Officer. The Compliance Officer for handling reports and complaints of unlawful discrimination/harassment against students and community members is the director of student services (Ruben Chacon). The Compliance Officer for handling reports and complaints of unlawful discrimination/harassment against employees is the executive director of human resources (Vicki Thompson). The District shall take appropriate action to promptly and impartially investigate allegations of unlawful discrimination; shall promptly take effective action to stop unlawful discrimination when it is discovered and take steps to prevent a reoccurrence; shall impose appropriate sanctions on offenders in a case-by-case manner; shall take steps to protect anyone participating in good faith in an unlawful discrimination report, complaint or investigation from retaliation; and shall protect the privacy of all those involved in unlawful discrimination reports and complaints as required by law.

Harassment of Employees and Students – District Policies GBAA and JBB
Any action, conduct, or communication that constitutes harassment by employees, authorized volunteers, students and third parties is strictly prohibited. Harassment is defined as unwelcome verbal, written, or physical conduct based on race, color, religion, national origin, ancestry, sex, pregnancy, physical recovery from childbirth or a related condition, sexual orientation, marital status, veteran status, age, genetic information, disability, or protected activity that has the purpose or effect of unreasonably interfering with an employee’s work performance or creating an intimidating, hostile or offensive work/educational environment; or that adversely affects a student’s ability to participate in or benefit from District programs. Sexual harassment includes unwelcome sexual advances, requests for sexual favors, sexually explicit language or jokes, unwelcome touching of any kind, continued or repeated verbal remarks of a sexual or demeaning nature displays of sexually suggestive objects or pictures, and any other conduct of a sexual nature. The District is committed to providing a working and educational environment that is free from such harassment and insists that all employees and students be treated with dignity, respect, and courtesy.
Employees who believe they have been harassed in violation of District Policy GBAA or who believe they have observed such harassment of other employees should immediately report it to their school principal, the director of their department, or the executive director of human resources. Harassment reports, investigation results and District actions in response thereto shall be handled as confidentially as possible in order to protect the interests of both the complainant and the alleged harasser and to satisfy the District’s obligation to comply with governing law and to prevent and stop harassment.

**Employee Communications – District Policy GBEBD**

The substance and medium of communications made by District employees pursuant to the duties and/or responsibilities of their District employment shall comply with governing law; Board of Education policies; District policies, regulations, administrative guidelines and procedures; and supervisor directives. District employees who fail or refuse to comply with this requirement shall be subject to discipline up to and including termination of their employment.

District employees are responsible for communications they make on their own time outside the duties and responsibilities of their District employment. Such communications include those made in person, those that are written, those via telephone or via audio/video streaming over the Internet, and those via other forms of technology such as social media or texting. If the consequence of such communications is to impede the proper performance of the employees’ District job duties and/or responsibilities or to otherwise interfere with the District’s regular operations, in accordance with governing law the communications may be prohibited and/or the employees who make them may be subject to discipline up to and including termination of their employment.

District employees should keep in mind when communicating via social media on their own time outside the duties and responsibilities of their District employment that it can increase the risk that their communications will impede the proper performance of their job duties and/or responsibilities or otherwise interfere with the District’s regular operations. This is because social media: (a) significantly increases the number of people who may receive the communication; (b) may allow the communication to be forwarded to people and/or reposted on sites that were neither intended nor contemplated by the employee making the original communication; and (c) may not allow the communication to be deleted at every location where it has been sent, posted, forwarded and/or reposted.
Classified Employee Performance Trial Periods, Discipline and Dismissal – District Policy GDQD

Classified employees serve performance trial periods of ninety (90) calendar days for each new position in the district. If at any time during the trial period the employee, in the judgment of the supervisor, fails to demonstrate his/her ability to perform the work assigned, or is otherwise unsuited for the position, his/her employment may be dismissed, transferred to another position within the District, or have their performance trial extended with or without cause or notice.

A classified employee’s supervisor is authorized to issue oral and written reprimands and suspend an employee with pay pending possible further disciplinary action per Human Resources when discipline is warranted. Please refer to District Policy GDQD - Classified Employee Performance Trial Periods, Discipline and Dismissal and Article 6 – Classified Discipline and Grievance Procedures for more information.

Governmental Immunity

- The public entity or designated insurer must pay any settlement.

Leave Time Rollover Information

Overview

Employees with an ending balance in any leave category (i.e., sick, floating holiday, and vacation) at the end of the current school year will see those same figures as their beginning balances in the appropriate leave categories at the beginning of the new school year.

Sick leave rollover information (all paid employees)

The sick leave ending balance at the end of the current school year will become the sick leave beginning balance at the start of the new school year.

Floating Holidays rollover information (all paid classified, professional and administrative employees)

1. If the employee’s floating holiday ending balance is equal to or less than the equivalent of 5 days (the maximum accrual amount) at the end of the current school year:
   • The floating holiday ending balance will become the floating holiday beginning balance at the start of the new school year.

2. If the employee’s floating holiday ending balance is greater than the equivalent of 5 days (the maximum accrual amount) at the end of the current school year:
   • The floating holiday ending balance will become the floating holiday beginning balance at the start of the new school year. The excess of 5 days will be shown as used in the Used YTD column for floating holiday. In addition, the same figure times 1.5 (time and one half) will be shown in the Earned YTD column for sick leave on the employee’s August 31 Check Stub.

Leave carryover example— (classified, professional and administrative employees)

The following example shows the leave carryover for a 6.0 hour/day classified employee. Note that the figure shown in the Earned column for sick leave includes the 5 hours from floating holiday leave multiplied by 1.5 (5 hours in Beginning column x 1.5 = 7.5 hours), plus the current month’s accrual (5.40 hours) to equal the 12.90 hours shown in the Earned column.

The Family and Medical Leave Act of 1993 (FMLA) entitles employees of covered employers to take unpaid, job-protected leave for specified family and medical reasons with continuation of group health insurance coverage under the same terms and conditions as if the employee had not taken leave. Please contact the Benefits Department for further information. The FMLA generally entitles eligible employees (those employed for at least 12 months) to a total of 12 workweeks of leave during any 12-month period for the following family and medical reasons:

- Twelve workweeks of leave in a 12-month period for:
  - The birth of a child and to care for the newborn child within one year of birth;
  - The placement of a child with the employee for adoption or foster care;
  - To care for a child, spouse or parent who has a serious health condition;
  - When the employee is unable to perform the functions of his or her position because of a serious health condition.

Leave taken intermittently or on a reduced leave schedule under the FMLA shall not be allowed because of the birth of a child of an employee and to care for the child, or because of the placement of a child with an employee for adoption or foster care. Please refer to District Policy GBGF for additional information on FMLA.

Reporting Absences

It is your responsibility as an employee to track and enter your own absences in advance for pre-planned days off or for sick days on the day of. Absences that are reported after they occur must be entered by your school or department Office Manager. Office Managers also may report absences for staff due Professional Development training, School Business/onsite activities, seminars and workshops.

PSD uses two different systems for reporting absences. Child Nutrition, Custodial, and Transportation employees use Kronos for requesting and reporting absences. All other staff use a web-based system called SmartFind Express for reporting absences. Refer to the Employee Quick Reference Guide to SmartFind Express (SFE) under the Quick References section at the back of this guide.

You can access SmartFind Express from the District website.

1. Click Staff and log in
2. Under Quick Links Click Absences Reporting
3. Click on SmartFind Express (Absence Reporting)

You can access Kronos from the District website. (ONLY for Child Nutrition, Custodial, Transportation)

1. Click Staff and log in
2. Under Online Tools Click Kronos
Requesting Substitutes

Some classified positions such as Special Education/Integrated Services Paraprofessionals may require a substitute when there is an absence. For these positions, upon entry of your absence you may also request a substitute to cover in your absence. The system does allow you to request a specific sub. Please check with your school about pre-arranging substitutes and requesting substitutes for your absence.

Payroll

The District’s Payroll Department is located in the lower level of the JSSC building next to Human Resources. Your total compensation package is a combination of your salary and benefits. Employee salary increases are determined during the annual negotiations process and must be approved by the Board of Education. District wide pay increases are based on funds available and allocated to each employee group. It is important to review your monthly Check Stub and understand your pay. For payroll questions you may contact or email payroll-l@psdschools.org.

Payday

Poudre School District employees are paid once per month. Payday is the last business day of the month.

Salaries and Wages

New hires are evaluated upon hire and placed in the pay range based on their related experience and education to the job description requirements. Such salary schedule placement is made based upon consideration of internal salary equity and budgetary limitations, as well as the qualifications, skills, abilities, and experience of the newly hired employee. Placement on the salary schedule is determined by the Executive Director of Human Resources or designee.
Pay Definitions and Options

**Classified Salaried Employee** - An employee who normally works 260 days and is paid a consistent monthly rate based on an annual salary schedule. These employees are not eligible for overtime pay (exempt). The salary is paid over a 12-month period (August – July).

**Classified Prorated Employee** - An employee who is paid an hourly or salaried rate from a salary schedule. If pay is based on an hourly rate, the annual salary is calculated based on total days worked, times hours per day, times hourly rate and paid over a 12-month period (August– July).

**Classified Hourly Employee** - An employee who is paid an hourly wage from a salary schedule. These employees are eligible for overtime pay (non-exempt). See explanations below for different types of hourly pay.

**Less than 12-month employees (174-230 working days) have the following pay options:** An employee must be prorated if any voluntary payroll deductions are elected, not including federal tax, state tax, PERA, PERA 401(k), and tax-sheltered annuities. Voluntary deductions include dependent health or dental insurance, vision insurance, dues, flexible spending accounts, etc.

A **prorated employee** working all scheduled contract days in the year will receive one-twelfth of the annual salary amount on the monthly payday. The monthly amount received includes scheduled pay amounts but does not reflect amounts earned as of the pay date. It also includes any exceptions (leave time taken, non-paid absences, and additional time) from the 16th of the previous month through the 15th of the current month.

Annual salary for employees based on an hourly rate is determined by multiplying the scheduled number of days to work, times the scheduled hours per day, times the hourly rate. For example:

185 days per year X 6 hours per day X $15.00 per hour = $16,650. This amount is divided by 12 months to arrive at gross pay of $1,387.50 per month.

A **scheduled hourly employee** will have regularly scheduled work hours and will receive pay for the scheduled work hours for that month (hours from the 1st of the month through the end of the month) and any exceptions from normal scheduled hours (leave time taken, non-paid absences and additional time) between the 16th of the previous month and the 15th of the current month.

**NOTE:** Employees should plan accordingly for the June and July pay periods. Most hourly (non-prorated) employees will not receive a paycheck in June and July due to the fact the May paycheck will cover hours from May 1 through May 31. The only hours that may be owed are additional/overtime hours from the last two weeks in May.

A **timecard hourly (varied hours) employee** will have no regularly scheduled work hours and will receive pay only for hours reported on a timecard from the 16th of the previous month through the 15th of the current month.
12-month employees (260 working days) fall under one of the following pay options:

A **prorated employee** working all scheduled contract days in the year will receive one-twelfth of the annual salary amount on the monthly payday. The monthly amount received is based on an hourly rate and includes scheduled pay amounts but does not reflect amounts earned as of the pay date. It also includes any exceptions (leave time taken, non-paid absences, and additional time) from the 16th of the previous month through the 15th of the current month. These employees are also eligible for overtime pay.

Annual salary for employees based on an hourly rate is determined by multiplying the scheduled number of days to work, times the scheduled hours per day, times the hourly rate. For example:

260 days per year × 8 hours per day × $12.00 per hour = $24,960. This amount is divided by 12 months to arrive at gross pay of $2,080 per month.

A **salaried, exempt employee** is an employee who is not eligible for over-time pay. This includes administrative employees and classified employees paid from the “Y” salary schedule. The monthly pay for salaried, exempt employees is based on an annual rate from an annual salary schedule and paid over twelve months.

**Licensed Employee**

A teacher documented as probationary or non-probationary status and licensed to teach through Colorado Department of Education. These employees are salaried; therefore, they are exempt and not eligible for overtime pay. The monthly pay for salaried, exempt employees is based on an annual rate from an annual salary schedule and paid over twelve months.

**Special Service Professional (SSP)**

A licensed special service professional through the Colorado Department of Education. These employees are salaried; therefore, they are exempt and not eligible for overtime pay. The monthly pay for salaried, exempt employees is based on an annual rate from an annual salary schedule and paid over twelve months.

**Professional Employee**

An employee in a professional position. These employees are salaried; therefore, they are exempt and not eligible for overtime pay. The monthly pay for salaried, exempt employees is based on an annual rate from an annual salary schedule and paid over twelve months.

**Administrative Employee**

An employee in a leadership, administrative, or professional position. These employees are salaried; therefore, they are exempt and not eligible for overtime pay. The monthly pay for salaried, exempt employees is based on an annual rate from an annual salary schedule and paid over twelve months.
Timecards

All timecards should be completed from the 16th of the previous month through the 15th of the current month.

Employees who are required to complete a timecard are responsible for ensuring that a properly completed timecard (including the supervisor’s signature) is turned in to the Payroll Department by the 15th of the month.

All other prorated, salaried, and scheduled hourly employees turn in a timecard only when needed to report a deviation from normally scheduled hours.

Classified substitutes and hourly employees with no scheduled hours are responsible for ensuring that a properly completed timecard is turned in to Payroll by the 15th of the month.

Time reported should include hours worked from the 16th of the previous month through the 15th of the current month and must have the signature of a supervisor.

When the 15th falls on a weekend, timecards are due the previous Friday.

Late timecards (received after the 15th) will be accepted, but payment will not be issued until the following payday.

Pay advances are not available.
Check Stub

Each month, normally two to five days prior to payday, every employee to be paid will receive an email informing that his or her Check Stub is available through Employee Online. Specific instructions on how to access Employee Online will be included in each email and is also included below. This statement includes the following information: current gross and net pay, deductions from pay, changes to leave time, current pay assignments and current name and address.

Tax-deferred Compensation Program

In general, tax-deferred compensation programs allow employees to exclude a portion of their salary from current taxable income. State and federal income taxes are deferred on the excluded portion until it is withdrawn from the account and actually received by the employee. Income taxes are thereby postponed on the “sheltered” amount until a later time when the employee’s level of taxable income will presumably be smaller and therefore taxed at a lower rate than it is currently. The district currently offers three tax-deferred compensation programs – Tax Sheltered Annuities (TSA’s) under IRS Code Section 403(b), PERA’s 401(k), and a 457(b) program through Empower Retirement.

Advantages of deferred compensation programs include:

- Reduction of current income taxes.
- Tax deferment of interest earned.
- Additional money to invest. Since no taxes are withheld on contributions, you are able to invest what you would have otherwise paid in taxes.
- You can contribute to more than one deferred compensation program.
- You may defer up to 100% of your income up to the IRS annual maximum.
- Contributions to a tax-deferred compensation program do not reduce your salary reported to PERA and therefore do not have the potential to reduce your retirement benefits through PERA.
- You may change your deferral amount any payroll period. Changes must be made by the end of the month to be effective the following month.
You should be aware of some restrictions that may apply:

- A participant may be required to pay a 10% penalty tax in addition to regular tax on early withdrawal of funds from a 403(b) or 401(k) if the funds are withdrawn prior to age 59 ½. This provision does not apply to the 457(b) program.
- There are contribution limits set by the IRS. These limits change each year. Contributions to one type of plan may limit the amount of income that can be sheltered from taxes each year through other deferral plans.

The brief information provided here is not intended to be a complete summary of tax-deferred compensation regulations. The amount of income that can be deferred is unique to each employee and his or her individual tax situation. Internal Revenue Service regulations are extremely complex. Consult with your tax professional regarding your specific tax circumstances.

**401(k), 403(b), and 457 Information**

Internal Revenue Service (IRS) regulations allow employees to put part of their salary into special accounts without paying taxes on that money or on the earnings it generates until it is withdrawn (usually at retirement). Because this money is taken out of your pay before taxes (tax-deferred), you pay lower federal and state income taxes now. The District offers three programs for you to select from if you decide to set aside some of your compensation on a tax-deferred basis.

**Tax Sheltered Annuities and Custodial Accounts – 403(b)** - The Internal Revenue Code Section 403(b) permits employees of educational institutions to exclude a portion of their salary from current taxable income through purchase of an annuity or custodial account. The District has several approved providers who offer 403(b)’s to PSD employees.

**457 Plan – Flexible Tax-Deferred Savings Plan** – Empower Retirement is the sole provider for this plan which allows an employee to increase the tax-deferred amount each year by combining the contribution limits of a 401(k) account and/or a 403(b) account with a 457 account. The 457 Plan has a separate contribution limit then the 401(k)/403(b) limit.

**PERA’s 401(k)** - The PERA 401(k) Plan was established on July 1, 1985, to enhance the retirement savings opportunities of PERA members. The 401(k) Plan provides all Colorado PERA members the option to voluntarily invest some of their income tax deferred. Any active and contributing member of PERA or retiree working in a PERA-covered position is eligible to contribute to the Plan from his or her PERA employer income.

Enrollment
Participants in any of the deferred compensation plans are required to elect to defer (contribute) to the plan prior to the month in which the contribution is effective. For example, if an employee wishes to change a contribution amount or elect to contribute to a deferred compensation plan effective on the July payroll, the election must be made by June 30. This requirement is based on IRC 457 regulations. For consistency, the District is applying this regulation to the 403(b) and 401(k) plans as well.

You may enroll in a deferred compensation plan anytime during the year as long as you meet the requirement stated above.

To enroll in PERA’s 401(k) plan, you may obtain an enrollment kit from PERA.

To enroll in a 403(b) plan, you must contact one of PSD’s Approved Providers listed above. The forms for enrolling are available through the representative, PSD Payroll Department, or online from the PSD website at www.psdschools.org -> Staff -> Quick Links -> S.A.F.E. -> Payroll Forms -> Voluntary Deduction Election.

To enroll in the 457(b) plan, you must enroll by using the Empower Retirement online system at www.empower-retirement.com/participant or by calling 1-866-467-7756.

Changes
Changes in contribution elections to the 457(b) plan must be made using the Empower Retirement online system at www.empower-retirement.com/participant or by calling 1-866-467-7756 toll-free.

To make changes to your PERA 401(k) or 403(b) contribution election, use the PSD Voluntary Deductions Election Form available from the PSD Payroll Department or online at www.psdschools.org -> Staff > Quick Links -> S.A.F.E. -> Payroll Forms -> Voluntary Deductions Election.
**Contribution Limits**

The following charts show a brief summary of the limits and catch-up provisions for each plan for the 2020 calendar year. Many of these provisions have specific limitations, and some provisions can be used in combination while others cannot. PSD cannot give financial or tax advice and strongly recommends that you discuss specific aspects of a plan with the respective plan representatives or a financial advisor. Employees using the catch-up provisions available under the 457(b) or 403(b) plans are required to submit a new calculation each calendar year. Please consult your plan representative to complete this form.

Risk Management

The Risk Management Department manages the district’s Workers Compensation program, workers compensation claims, reports, modified duty, post-offer physicals, and safety in the workplace.

Your rights under the Workers’ Compensation Act

Workers’ Compensation insurance provides employees with appropriate medical care and a portion of lost wages following a work-related injury, illness or disease. This insurance is provided by employers at no cost to employees. If you have a work-related injury:

1. Notify your supervisor immediately. This notification must be in writing. If you fail to report your injury to your employer within four working days, your compensation benefits may be reduced.
2. PSD will file a “First Report of Injury” form with details of your injury, illness or disease with the 3rd party administrator. You also have the right to file your own Worker’s Claim.
3. You are entitled to reasonable and necessary medical, surgical and hospital treatment for your injuries or occupational disease. PSD has designated the providers you must see for work-related injuries or diseases.
4. Compensation payments made to you for lost wages resulting from an injury or occupational disease begin after you have missed three working days. The treating doctor determines if you need to be off work for any period of time. Your compensation rate while unable to work is 2/3 of your average weekly wage, not to exceed a maximum amount as provided under the Workers’ Compensation laws. PSD provides employees up to 90 working days (or parts of days) of injury leave, paid at your regular salary.

*If you require emergency medical attention, please proceed to Harmony Urgent Care or the nearest emergency room facility.*

General Safety Precautions

School Safety and Security

The safety and well-being of our students, staff and parent community are of the utmost importance to the District. Your employment with the District should be free of physical harm, threatening behavior, harassment, and intimidation. To insure your safety and the safety of those you work with, PSD has a Security Department that oversees a variety of safety and security systems, including an employee identification badge system that provides access to your work location and alarm systems that protect buildings against illegal entry and vandalism. These badge access and alarm systems have been installed at schools and work sites throughout the district.

A proximity card will be issued to you that will provide you keyless entry to your building and/or your work area within a building. This is a plastic credit-card-sized card issued by PSD’s security department that, when presented in front of a proximity reader, allows the user to enter designated buildings and areas within buildings and acts as an I.D. badge. Staff members are required to wear their I.D. badge at all times and must not be loaned to anyone for any reason. If you lose your badge, please report it immediately.

For additional information about the Security Department, crisis response procedures, threat assessments, bomb threats, the School Resource Officer (SRO) program, Safe Schools Tip Line, and safety precautions, call Security at 490-3608 or go the District website.

Classified Staff

Overtime and Compensatory Time

The U.S. Department of Labor’s Fair Labor Standards Act (FLSA) defines classified employees as either exempt or nonexempt. Exempt employees are not subject to the minimum wage and overtime provisions of the FLSA. Exempt employees have a fixed salary and do not receive additional wages for additional hours worked beyond their scheduled hours. If you are an exempt employee you do not earn overtime or compensatory time, and your job title and pay range is found on the Classified Exempt Salary Schedule (Y).

Nonexempt employees are subject to the minimum wage and overtime provisions of the FLSA and are paid an hourly rate of pay for all hours worked. If you are a nonexempt employee your job title and pay range is found on the Classified Hourly Salary Schedule (H). Nonexempt employees are also eligible to earn overtime. Overtime, at time-and-one-half, results when a nonexempt employee works in excess of forty (40) hours in any designated workweek. Additional work hours that do not cause the employee to exceed 40 hours for the workweek are paid at the employee’s regular hourly rate of pay.

The exempt and nonexempt salary schedules can be found online on the PSD website.

1. Highlight Careers
2. Click Working at PSD
3. Under Quick Links, Click Salary Schedules
4. Click on the salary schedule you wish to view

Compensatory time off (comp time) is a popular option for nonexempt school district employees. If you are nonexempt and have permission from your supervisor to work extra time beyond your normally scheduled hours, you can record the additional time on a Comp Time Authorization Form as Earned Comp Time and then take time off later as if it were vacation. If the additional time you work causes you to exceed 40 hours for a given week, the comp time you earn is treated just like overtime and earned at time-and-one-half.

The Comp Time Authorization Form can be found online on the PSD staff intranet page.

1. Click Staff and log in
2. Under Quick Links, Click S.A.F.E. (School Accounting Financial E-Tools)
3. Search “Comp Time Authorization Form” from the search feature in the top left-hand corner
Volunteerism

Nonexempt classified employees of Poudre School District are prohibited to volunteer time or services to the school district without compensation. As a PSD employee, you are allowed to volunteer without pay if you have a child participating in a PSD program, activity, or classroom and your volunteer activity is restricted to direct involvement in your child’s program, activity, or classroom. All other volunteer activity for the District is considered work and must be compensated, per the Federal Fair Labor Standards Act.

Leave Time

All employee leave time is accrued and reported on an hourly basis and on an annual year of July 16 through July 15. Leave time may be used immediately upon employment. However, leave time taken, but not yet earned, will result in docked pay if an employee’s assignment terminates prior to the leave being earned.

Classified employees working 90 consecutive days or more with scheduled hours are eligible to accrue the following types of leave time depending on the assignment. All employee leave time is accrued and reported on an hourly basis and on an annual year of July 16 through July 15. Leave time may be used immediately upon employment. However, leave time taken, but not yet earned, will result in docked pay if an employee’s assignment terminates prior to the leave being earned.

Supervisors, at their discretion, may require leave time requests to be made in writing with advanced notice. Please refer to your school or department’s specific site procedure for requesting and using leave time. Some departments, such as Child Nutrition, Custodial, and Transportation, have department-specific attendance policies. Any employee who will be out 15 working days or longer will be required to apply for a leave of absence. For more information refer to Employee Agreement Article 13: LEAVES OF ABSENCE.

Floating Holidays

The equivalent of approximately four (4) floating holidays are granted annually to all classified employees. Time will accrue in hours based on eligible assignments. Floating holidays may be used in conjunction with vacation leave or school holidays. Floating holidays must be taken on a scheduled workday, except for Child Nutrition Department and Transportation Department employees who may use their floating holidays during school vacation periods. Unused floating holidays can be accumulated up to five days. A maximum of three consecutive floating holidays can be used at one time. If any employee accumulates more than the five days based on assignment, those in excess shall be automatically transferred to the employee's sick leave at an accrual rate of 1 to 1.5. There is no reimbursement for Floating Holidays upon separation of employment. Refer to Employee Agreement Article 13.6 - FLOATING HOLIDAYS (PAID CLASSIFIED, ADMINISTRATIVE AND PROFESSIONAL).
Holidays
Nine (9) paid holidays are granted to all eligible 260-day employees. The dates shall be established each year in accordance with the school calendar. These paid holidays are established from August 1 through July 31 of each contract year. All classified employees working less than a 260-day assignment receive Thanksgiving and Christmas day as paid holidays if the holidays fall within their eligible assignment. Refer to Employee Agreement Article 13.7 - HOLIDAYS (PAID CLASSIFIED, ADMINISTRATIVE AND PROFESSIONAL ON 260-DAY ASSIGNMENTS).

Vacation
Paid vacation time is earned by all 260-day employees. Scheduling vacations and approving vacation requests is the responsibility of each department supervisor. The desires of employees will be considered in scheduling vacations; however, vacations should be scheduled for times when they are least likely to interfere with the department's effective operations. Paid vacation leave for classified employees is accrued in hours based on eligible assignments at the following rates:

- 1 through 5 years of employment: leave time equivalent to approximately 10 working days per year.
- 6 through 10 years of employment: leave time equivalent to approximately 15 working days per year.
- 11 years of employment and over: leave time equivalent to approximately 20 working days per year.
- Additionally, in years 21 through 25 and over, leave time equivalent to one additional day for each year of service to a maximum of 25 days is accrued.

Vacation time may be carried forward from one year to the next year. However, vacation projected maximums will be limited to two times an employee’s annual accrual rate. Therefore, an employee can only carry over one times the employee’s annual accrual rate. Any vacation time remaining above this limit on July 16th each year will be forfeited. The payout upon termination of employment will be the actual current balance. Vacation leave shall be earned beginning the first month of employment. Refer to Employee Agreement Article 13.8 VACATION (CLASSIFIED, ADMINISTRATIVE AND PROFESSIONAL ON 260-DAY ASSIGNMENTS)
Sick Leave Time

All eligible employees will accrue sick leave time equivalent to approximately one day for each month of assignment. Time will accrue in hours based on eligible assignments. Use of sick leave is allowed in case of injury, illness, or disability to the employee or a member of the employee’s immediate family. For this purpose, “immediate family” is defined as the employee’s child or custodial child; spouse, partner in a civil union, or domestic partner; sibling; parent or custodial elder; and grandchild. Unused sick leave time is cumulative from year to year with no limitation on the number of hours accrued. Prior approval is not required for sick leave use; however, employees are required to inform the appropriate supervisor of their absence at the earliest possible time. Supervisors may require a certification of illness by a physician at any time. There is no reimbursement for sick leave upon separation of employment from the district except as otherwise provided in procedure. Refer to Employee Agreement Article 13.9 SICK LEAVE TIME (PAID-CLASSIFIED, ADMINISTRATIVE AND PROFESSIONAL).

Professional Development

The district has a comprehensive Professional Development and Training program for all employees. A catalog of course offerings is available online throughout the year. Classified employees are welcome to attend these courses, and most are at no cost. The Professional Development Department also works with schools and other sites to provide training relevant to that site’s needs. All classified employees are invited to attend the classified professional development training days, held two times each year. Call the Professional Development Office at 970-490-3623 or check out the Professional Development website by going to the PSD intranet.

Classified Professional Growth

The Classified Professional Growth program rewards learning and acquiring new skills while fostering career development and performance improvement. Classified employees who participate in this program receive a monetary stipend and are automatically eligible for the program after completing one year of employment with PSD. Employees may begin taking classes upon initial hiring. Eligible classified employees may receive one stipend per school year. The stipend is a gross amount of $400 for 40 hours of class/training time. Applications are available online in the Document Library. A completed application must be submitted by October 1st for payment on the November payroll check, or by April 1st for payment on the May check. To view the specific guidelines for the Classified Professional Growth Program, go to the ACE (Association of Classified Employees) webpage.
Performance Evaluation

Classified employees receive an annual performance evaluation after the first year of employment. Evaluations are required every three years thereafter. The evaluation process includes the use of multi-source input. Refer to Employee Agreement Article 8 EVALUATION OF CLASSIFIED EMPLOYEES to understand the evaluation process, purpose, and timeline.

Evaluations are conducted online using Talent Ed – Perform. To access Perform go to the district’s website, click Staff and log in.

1. Under Online Tools, Click Talent Ed - Perform
2. Log in using your district credentials
3. Click Perform

Break Periods

Employees are encouraged to take one 10-15-minute paid break for every four hours of work. Eight-hour employees may take two 10-15-minute paid breaks per day - one during the first four hours and one during the last four hours. Employees may not save unused break time to take later in the week or month or save their break time to take off early at the end of their workday.

Work should be reduced or reassigned to prevent frequently missed breaks if an employee must routinely work through break(s) to get work completed at the request of his/her manager/building administrator.

Lunch

A minimum of a 30-minute unpaid duty-free lunch period is required for nonexempt Classified employees if their workday is 6 or more hours per day. Lunch periods longer than 30 minutes, and lunch periods provided to employees working fewer than 6 hours per day, are at the discretion of the manager/building administrator. Lunch periods cannot be waived in favor of leaving work early.

Lane Changes/Professional Growth

NOTE: The lane change process is not synonymous with the Colorado Department of Education process for re-licensure. Timelines and requirements may be similar in some ways, but distinctly different in other ways.

Licensed staff employed in Poudre School District are placed on the Licensed Salary Schedule according to level of experience (step) and level of education (lane). Course work beyond degrees may be accepted for horizontal movement on the salary schedule if the course work contributes to the professional assignment or professional growth of the staff member.

Lane change for the first master’s degree or earned doctorate may be completed by providing evidence of the degree with transcript or a legible copy of the diploma.

All hours applied to lane change are subject to approval by the Executive Director of Human Resources or his or her designee, assisted by the Professional Growth Committee established for this purpose.

You may apply for a lane change using Employee Records; the application will be available after November 10, 2020, at https://psdschools.tedk12.com/records.

  - in the subject area of current or previous assignment or general education, and
  - taken after receipt of initial educator license (not ATL or authorization), and
  - taken after conferral of highest degree awarded

OR

- Undergraduate level courses taken through a regionally accredited college or university with a grade of C- or better with prior approval that are:
  - related to the current or previous assignment, or
  - Spanish courses, or

Professional development opportunities for Specialized Service Professionals (SSPs) will include those courses sanctioned/endorsed by the SSPs state or national professional organization and/or other PD opportunities approved by the Director of Integrated Services or the Director of Student Services prior to the SSP taking the professional development course for lane change credit.

- Paid Time Off (PTO) is used for personal, professional, and illness related absences.
- First year teachers and SSP’s will accrue sick leave time equivalent to approximately 3 days, if full-time, in their beginning accrued sick leave balance.
- A teacher’s and SSP’s accrued sick leave balance can be accessed ONLY AFTER the teacher’s or SSP’s Paid Time Off (PTO) leave has a balance of ZERO. Please refer to Articles 13.4 in the Employee Agreement for more information.
- Unused Paid Time Off (PTO) transfers to Accrued Sick Leave (for the next year) at the rate of 1.5 times.

- Teachers and SSPs may be eligible for other unpaid leaves depending on years of service with the District.
What are Variance Days?

- Variance Days are projected high substitute use days which are based on large trainings, seminars, and school holidays.
- Because of high substitute demand, PSD requests that licensed staff avoid using PTO on Variance Days.
- If an employee absence is essential on a Variance Day, a Variance Request Form must be submitted to the building supervisor.

How does absence reporting and sub placement work?

- PSD uses a web-based system (SmartFind Express) for reporting absences and requesting substitutes.
- PSD employees, substitutes, office managers and administrators access the system via internet or phone.
- Licensed employees are required to enter their own absences that are related to PTO and Accrued Sick Leave.
- Office managers report teacher and SSP absences that are for approved PSD Professional Development training, school business/onsite activities, seminars and workshops.
- Office managers are NOT permitted to enter employee absences for PTO or Accrued Sick Leave.
- Please notify your principal/supervisor as soon as possible if you intend to use PTO.

Who are PSD substitutes?

- The substitute pool consists of approximately 600 licensed and classified substitutes.
- Licensed substitutes must hold either a valid Colorado teaching license or Colorado substitute authorization.

Can employees/schools request a specific substitute?

- Yes, employees may request a specific substitute when the absence is reported.
- Your office manager can also set up a priority list indicating which substitutes to contact first.

What if our school experiences an issue with a substitute?

- Your office manager can access the SmartFind system and place a sub on your school’s Do Not Use list.
- If there is a serious concern that requires immediate action, please contact Dawn Clifton at 490-3078 or an HR Director.
- If warranted, HR may notify the substitute in writing and/or schedule a meeting.

Can student teachers’ sub?

- Student teachers CAN substitute, but ONLY for their cooperating teacher, while they are in a student teaching program. This arrangement may need approval by the college/university supervisor and Human Resources. More information will be provided at the student teacher orientation.

General Information

Annual accrual for leave time is July 16 through July 15. Leave time must be taken and reported by July 15 of each year to be counted towards the current year’s leave balance. Time taken and/or reported July 16 or later will be counted towards the following year’s leave balance. Hourly leave time based on work assignment is credited to employees August 1st of each year. Appropriate prorated leave time will be credited at the beginning of employment for employees hired after August 1st. Leave time may be used directly upon employment unless otherwise stated in the Employee Agreement.

Employees with combined licensed/classified/administrative/professional assignments will accumulate classified leave time based on classified hours; licensed leave time based on the licensed contract; administrative leave time based on the administrative contract; and professional leave time based on the professional contract.

Use of leave time may be requested either written or verbally in accordance with established site procedures. If an absence is over 15 working days, an Application for Leave of Absence form must be submitted to Benefits Services in the Johannsen Support Services Center. This request should be submitted as soon as an employee is aware that their leave will extend beyond 15 working days.

Employees using leave time on a declared emergency closure will not be charged for that time.

Types of Leave Time for Administrative and Professional Employees

**Sick Leave Time** — Eligible employees receive sick leave time accumulated in hours at a rate equivalent to approximately one sick day per month of employment. Use of sick leave is allowed in case of injury, illness, or disability to the employee or a member of the employee’s immediate family. Unused sick leave may be carried over from year to year with no maximum number of hours of accrual.

Sick leave is available for use from the first day of employment. An employee is required to inform the appropriate supervisor of their absence at the earliest possible time. Supervisors may require a certification of illness by a physician at any time.

**Unused Sick Leave Time** — Administrators or professionals who voluntarily terminate employment receive no sick leave payout.

**Holidays** — Eligible 260-day (12-month) employees will receive up to nine paid holidays, which will be established each year. Employees working less than 260 days are not eligible for holiday pay.
**Floating Holidays**—Eligible employees will accrue floating holiday time equivalent to four days per year. Floating holidays may be used in conjunction with school holidays or vacation leave. Up to five floating holidays may be rolled from year to year. Unused floating holiday hours in excess of five days will be converted to sick leave time at the end of the annual accrual period at 1.5 times the unused balance. **Vacation (260, 12-month employees only)**—Eligible 12-month employees earn paid vacation leave at the following rates:

- One or more years of employment—the equivalent of approximately 20 working days per year

Additionally, administrative or professional employees with 21 or more years of service receive added leave time equivalent to one additional day for each year of service to a maximum of 25 days of vacation.

Requests to use vacation leave must be approved by the employee’s supervisor and/or department head in advance of the leave being used.

Vacation accrual from one leave year to the next leave year can be carried over as follows:

- **Effective July 16, 2006, one year’s worth of vacation accrual.** Any additional vacation accrual will be forfeited. The vacation payout upon termination of employment or retirement will be the actual current balance.
