

How to use Warehouse Catalog:

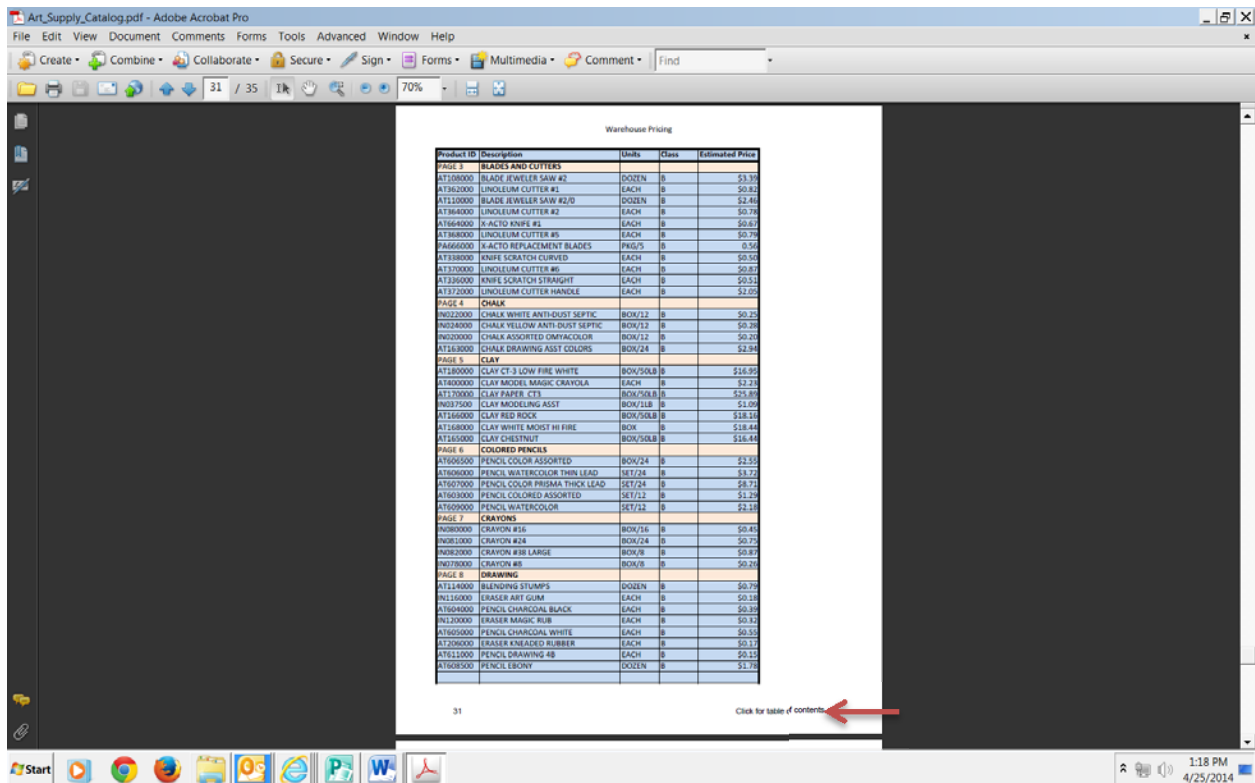

When using the Warehouse Catalogs, you can just:

1. Click on the page number.
2. Click on the description.

This will take you to:

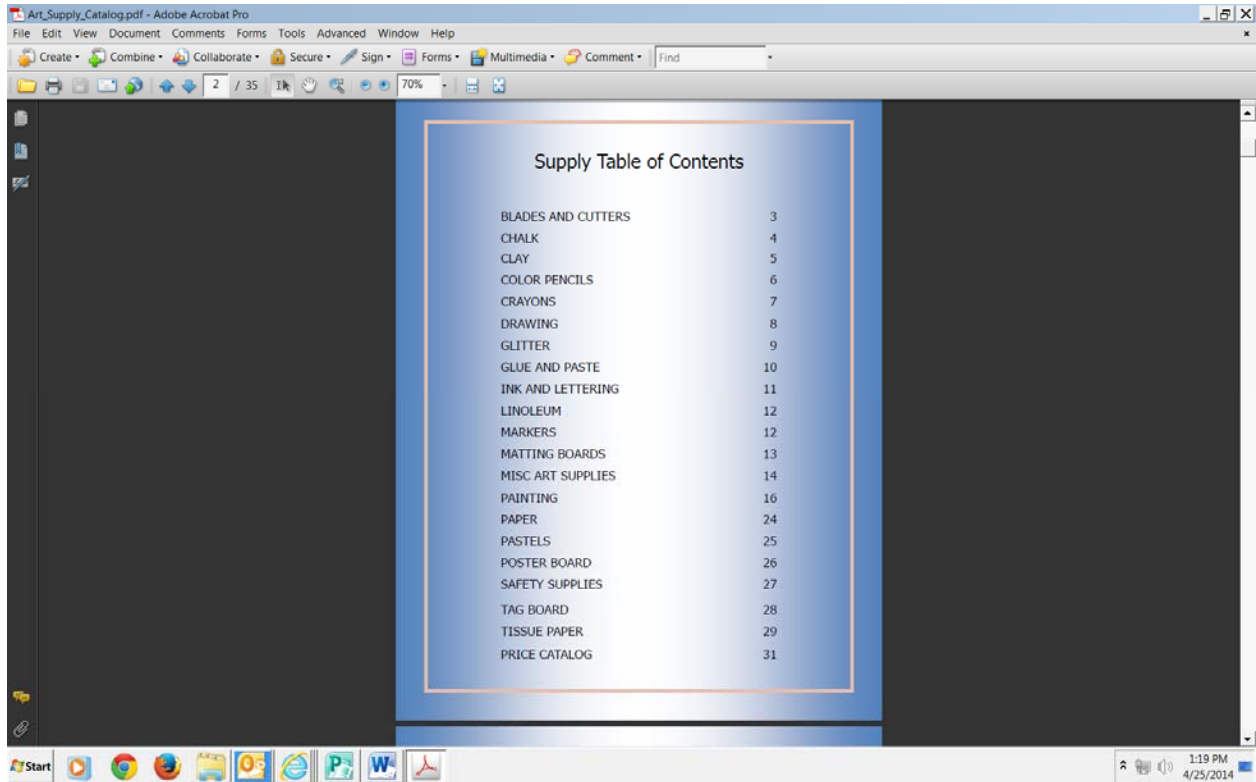

You can click anywhere on the page to take you to the pricing for that page:

When you would like to return to the table of contents page, just click on:

“Click for table of contents” and you will be returned to:

Each of the catalogs works the same. The catalogs will be updated twice a year to provide the closest pricing to each of the products. If we have any additions or deletions of products in the warehouse, the catalogs will be updated right away to provide you with the most up to date catalog.
