

GYM FLOOR RECOAT PROJECTS

IFB #19-701-005

Addendum 1.0

ISSUE DATE: April 9th, 2019

Clarifications from the Pre-Bid Meeting:

- Volleyball lines are to be added to the Eyestone project, while all others should match what is currently in place for placement and color.
- Also, on the Eyestone project, the caps (5) that were covered up when the floor was installed shall be cut out and the holes repaired prior to recoat.
- All three sites may decide to have their logo added to their floor before the appropriate coating step.
