

Poudre School District

MEMORANDUM

Date: 9/6/2019

To: Interested Parties for RFP# 20-630-001

From: Poudre School District - Procurement Services

Re: Cancellation of RFP# 20-630-001 and New Posting of RFP# 20-630-006

Poudre school District (the District) has decided to cancel Request for Proposal (RFP)# 20-630-001 due to an unforeseen exclusion due to the term of the agreement. While the District prefers a 10-year agreement for curriculum-based Agreements, it is understood that this term may be impossible for some suppliers to meet.

Therefore, we are issuing a new request. RFP# 20-630-006 is now posted on BidNet and can be found at <https://www.bidnetdirect.com/colorado/poudre-school-district>.

For Suppliers that submitted their proposals to RFP# 20-630-001, please update your proposals to reflect the new RFP# 20-630-006 and submit new proposals accordingly through the BidNet website. There you will find the appropriate documents for the new solicitation that include changes from the original solicitation. Please look over the new solicitation for differences in what is required from your original submission.

If during your original submission to RFP# 20-630-001, The sample instructional materials and access to online resources, software, training and professional learning materials and services, all as requested in Section 3.0 of this RFP were successfully submitted, and they are the same as you wish to provide for RFP# 20-630-006, no additional materials are necessary for these requirements. The District will use the materials provided for RFP# 20-630-001.

The District appreciates all efforts already put forth in submitting to the original RFP and continued efforts to submit updated proposals to RFP# 20-630-006.
