In the event any goods sold or delivered as a result of this Invitation for Bid are covered by any patent, copyright or trademark, or application therefor, Contractor shall indemnify and hold harmless the District, its elected officials, employees and agents from any and all claims, damages, loss, liability and court awards (including costs, expenses and attorney fees) incurred as a result of any claims, legal actions or judgments based on the actual or alleged manufacture, sales or use of such goods in violation, infringement or the like or rights under such patent, copyright or trademark, or applications therefor.
- 2.21 The Contractor shall not assign an agreement, as a result of this solicitation, or any of its rights, interests or obligations without the prior written consent of the District. The consent may be withheld for any reason or no reason as determined by the District in its sole discretion.
- 2.22 The successful Contractor will agree to not refuse to hire, discharge, promote, demote, or to otherwise discriminate in matters of compensation against any person otherwise qualified solely because of race, creed, sex, national origin, ancestry or physical handicap.
- 2.23 Venue for any and all legal action regarding or arising out of transactions covered herein shall be solely in the District Court in and for Larimer County, State of Colorado. The transactions covered herein shall be governed by the laws of the State of Colorado.
- 2.24 Bids shall contain a signature of an authorized representative in the space provided on the Bid Certification Form. Failure to properly sign Bid may invalidate same and it may not be considered for award.
- 2.25 Where there appears to be variances or conflicts between the General Terms and Conditions and the Special Conditions outlined in this Bid Solicitation, the Special Conditions shall prevail.
- 2.26 The District shall issue a written Addendum if substantial changes, which impact the technical submission of Bids, are required. A copy of such addenda will be distributed via the BidNet portal. In the event of conflict with the original contract documents, addenda shall govern all other contract documents to the extent specified. Subsequent addenda shall govern over prior addenda only to the extent specified.
- 2.27 All information and supplemental documentation required in conjunction with this Bid shall be furnished by the Contractor with their Bid. If the Contractor fails to supply any required information or documents, his Bid may be considered non-responsive and ineligible for award.

- 2.28 The accuracy of the Bid is the sole responsibility of the Contractor. No changes in the Bid shall be allowed after the submission deadline, except when the Contractor can show clear and convincing evidence that an unintentional factual mistake was made, including the nature of the mistake and the price actually intended.
- 2.29 The apparent silence or omissions within this Bid Solicitation regarding a detailed description of the materials and services to be provided shall be interpreted to mean that only the best commercial practices are to prevail and that only materials and workmanship of first quality are to be used.
- 2.30 The use of the name of a manufacturer, brand, make or catalog designation in specifying an item does not restrict Contractors to the manufacturer, brand, make or catalog designation identification. It is the intention of the District only to establish a grade or quality and/or performance equivalence of the item desired and is not intended to rule out other brands or makes of equality. Where a product description is a manufacturer's name followed by "*or approved equal*," the Contractor may submit a proposed equivalent product by other manufacturers for review. The item on which bids are submitted must be of such character, quality and/or performance equivalence that it will serve as that specified. In submitting bids on an item other than as specified, Contractor shall furnish complete data and identification with respect to the alternate item it proposes to furnish. Consideration will be given to bids submitted on alternate items to the extent that such action is deemed to serve the best interests of the District. The burden of proof as to the comparative quality and suitability of alternative products shall be on the Contractor. If the Contractor does not indicate that the item it proposes to furnish is other than specified, it will be construed to mean that the Contractor shall furnish the exact item described. The District evaluation committee shall be the sole judge as to the comparative quality and suitability of alternative products and its decision shall be final.
- 2.31 The District shall be the sole judge in determining "equals" in regard to quality, price and performance.
- 2.32 Contractors may offer a cash discount for prompt payment; however, such discounts shall not be considered in determining the lowest net cost for the Bid evaluation purposes.
- 2.33 A purchase order resulting from this solicitation shall be governed by and construed in accordance with the laws of the State of Colorado.
- 2.34 Payment for the goods and/or services furnished by the Contractor shall not constitute acceptance thereof. The District shall have the right to inspect such goods and the products of such services, and to reject any or all of which are in the District's judgment defective or nonconforming. In addition to the District's other rights, goods rejected, and goods supplied in excess of quantities specified in a purchase order, may be returned to the Contractor at the Contractor's expense. The District may charge Contractor all expenses of unpacking, examining, repacking and reshipping such goods. In the event the District receives goods whose defects or nonconformity is not apparent upon examination, the District may require replacement and/or payment of damages upon discovery of the defects or nonconformity. Nothing contained herein shall relieve, in any way, Contractor from the obligation of testing, inspection, and quality control.

- 2.35 The District may, at its sole and absolute discretion:
- 2.35.1 Reject any and all or parts of any or all Bids submitted by prospective Contractors;
  - 2.35.2 Re-advertise this solicitation;
  - 2.35.3 Postpone or cancel the Bid process for this solicitation;
  - 2.35.4 Waive any irregularities or technicalities that are not qualified as a requirement for responsiveness in this Bid or in Bids received in conjunction with this Bid; and/or
  - 2.35.5 Determine the criteria and process whereby Bids are evaluated and awarded.
- 2.36 The District may terminate an agreement at any time in its sole discretion for any reason, with or without cause, upon written notice served on the Contractor no less than thirty (30) days prior to the date of termination. In the event of such early termination by the District, the Contractor shall be paid up to the date of termination for services performed under and in accordance with this agreement.
- 2.37 Information and materials submitted in response to this IFB may be considered public records subject to disclosure under the Colorado Open Records Act ("CORA"), C.R.S. §§ 24-72-200.1 to -205.5. Information and materials that Contractor believes are confidential and not subject to disclosure under CORA must be submitted separately with a citation to the section of CORA and any other relevant law under which Contractor believes they are confidential. The District, not Contractor, shall determine whether information and materials so identified will be withheld as confidential, but will inform Contractor in advance of disclosure to give it an opportunity to take legal action to protect its interests vis-à-vis the party making the CORA request.
