

# Poudre School District

Poudre School District is pleased to announce its intent to award the Livermore Project associated with Invitation for Bids (IFB) #20-715-008 – Mountain Schools Kitchen Remodels to North Star Design-Build. Due to the current circumstances and the uncertainty of the District's budget, the Stove Prairie and Red Feather Lakes projects have been placed on hold until additional information is available.

The final award of project(s) associated with this solicitation are contingent upon a successfully negotiated agreement, a District issued purchase order as well as, other requirements set forth by the District and any parties therein.
