

Request for Individual Student Behavior Support

The **General Education Behavior Specialists** are members of the **District Behavior Support Team** and are available to support students who are demonstrating significant behavior concerns and have not responded adequately to interventions.

They are available to:

- Consult/Collaborate with staff and families
- Provide direct student service for BIP development and modeling of best practices
- Progress monitor plans being implemented
- Train staff on problem solving for behavior and behavior intervention
- Support systems for developing Tier 3 teams and wraparound practices

Student Name _____ Family Contact _____

Grade _____ Referred by _____

Date _____ Primary Teacher _____

School _____ Phone # _____

Please describe what the behavior looks like and sounds like.

What interventions have been tried or are currently being implemented?
