No changes in the Bid shall be allowed after the submission deadline, except when the Contractor can show clear and convincing evidence that an unintentional factual mistake was made, including the nature of the mistake and the price actually intended.
- 2.28 The apparent silence or omissions within this Bid Solicitation regarding a detailed description of the materials and services to be provided shall be interpreted to mean that only the best commercial practices are to prevail and that only materials and workmanship of first quality are to be used.
- 2.29 The use of the name of a manufacturer, brand, make or catalog designation in specifying an item does not restrict Contractors to the manufacturer, brand, make or catalog designation identification. It is the intention of the District only to establish a grade or quality and/or performance equivalence of the item desired and is not intended to rule out other brands or makes of equality. Where a product description is a manufacturer's name followed by "*or approved equal*," the Contractor may submit a proposed equivalent product by other manufacturers for review. The item on which bids are submitted must be of such character, quality and/or performance equivalence that it will serve as that specified. In submitting bids on an item other than as specified, Contractor shall furnish complete data and identification with respect to the alternate item it proposes to furnish. - 2.33 Payment for the goods and/or services furnished by the Contractor shall not constitute acceptance thereof. The District shall have the right to inspect such goods and the products of such services, and to reject any or all of which are in the District's judgment defective or nonconforming. In addition to the District's other rights, goods rejected, and goods supplied in excess of quantities specified in a purchase order, may be returned to the Contractor at the Contractor's expense. The District may charge Contractor all expenses of unpacking, examining, repacking and reshipping such goods. In the event the District receives goods whose defects or nonconformity is not apparent upon examination, the District may require replacement and/or payment of damages upon discovery of the defects or nonconformity. Nothing contained herein shall relieve, in any way, Contractor from the obligation of testing, inspection, and quality control.
